HEALTH REVIVALS NEXT WEEK

Man Said To Be Best in the
Business of Health Cul-
ture Here Under Aus-
pices of Tribune

Prof. W. Earl Flynn, health evan-
gelist, opens his campaign in La
Crosse next Monday evening, May
24th, with a public lecture.

Prof. Flynn, who is one of the
leaders of the good health movement
in the country and a specialist with-
out an equal for applied methods of
attaining perfect health, recently ap-
peared before the Pastors' union
here and secured the hearty and
unanimous endorsement of that or-
ganization. He was to have taken up
a good health campaign in La Crosse
at that time, but owing to a series
of revival meetings which were be-
ing conducted, and with which it
was thought his work might conflict,
his coming to La Crosse was post-
poned.

Prof. Flynn is just finishing a series
of "health revivals" at Rock-
ford, Ill., where he has been working
under the auspices of the Rockford
Star. Prof. Flynn comes to La Crosse
under the auspices of the La Crosse
Tribune, which stands behind the
work of this wonder worker.

Prof. Flynn's methods are unique
and convincing. He is a foe of drugs.
He believes the sub-conscious mind
is the best doctor in the world and
that if any person—sick or well—
will adopt proper methods of living,
and give their bodies opportunity to
throw off waste matter properly, ev-
eryone who cares enough for health
to follow these same methods will en-
joy a perfect measure of health.

Converts Everybody
Prof. Flynn captures the thinking
people of a city a good deal as "Billy
Sunday" takes hold of the religious
element. He lectures, not to hun-
dreds, but to thousands of people
and in every city in which he has
conducted a campaign his work has
been the talk of the town before the
end of his engagement. Prof. Flynn
is said to be one of the strongest
talkers who ever mounted a rostrum.
His forcefulness and gestures carry
his audience with him in utmost
confidence with the result that his
converts are practically all who hear
him. It is usually necessary to hold
overflow meetings, after the first
couple of lectures given by Prof.
Flynn. As his lectures are in nearly
all instances given in the churches
the auditoriums of these edifices
seldom are large enough to accom-
modate the big crowds who come
to hear him.

In cities where he has appeared
it is a customary sight at an early
hour in the morning to see business
and professional men and women
running "cross country" without
their breakfasts, and in all instances
dozens of Health Culture clubs have
been formed among his converts to
follow his methods after his depart-
ure. That Prof. Flynn is doing more
for the upbuilding of health than
any other agency which has visited
any of these towns is the confident
claim of hundreds who are enthu-
siastic in their praise of what he has
done for them.

Our Fighting Forces.
It would be difficult to better il-
lustrate Prof. Flynn's theories that
we have within ourselves the force
with which to cure disease, than to
reproduce a little story he tells of
how "our navy wages war upon our
enemies."

He says:
"Do you know that we carry
around with us an immense navy to
protect us from our enemies? And
what do they have to fight against?
Why, haven't you heard of the mil-
lions of little enemies—germs or
microbes—that we take into our
bodies every day through our
mouths or through our lungs? There
they are, ready to do their deadly
work whenever or wherever they can
get a chance.

"But no sooner do these little
germs enter the blood, than up rises
our navy on the lookout continually
for any intruder. Each little fighter
—white blood—corpuscle, if you
want to call him that—floating
about in his beautifully constructed
little cell-boat, watching alertly for
(Continued on Page 5.)

PROF. W. EARL FLYNN

Health Evangelist Who Will Open Campaign in La
Crosse Next Monday Evening

LIKE TO PAY ALL DAVIDSON'S BILLS TWESME ON STAND

Koehler Gives Snap Away;
Twesme Names La Crosse
Men Who Gave Him
Financial Aid

MADISON, Wis., May 19.—Frank
Koehler, campaign manager for S. A.
Cook in Milwaukee county, created
a sensation today by mixing Gov-
ernor Davidson up to a finish in the
campaign in which A. E. Edmonds
was elected republican state chair-
man. Koehler swore that he called
on the governor and asked him to
lend support to W. D. Connor for
state chairman, and that the gov-
ernor, raising his voice almost to a
scream in his excitement, shouted:

"No! Edmonds! It cost
me \$8000 (to be elected) two
years ago, and this time, if
Edmonds is elected, Steph-
enson pays the whole dam-
ned shooting-match!"

Koehler, on inquiry by the com-
mittee, interpreted the "shooting
match" as meaning the entire cost
of election of the governor.

Twesme on Stand
A. T. Twesme made good his prom-
ise that, no matter what action the
assembly took as to keeping its
members from testifying, he would
take the stand in obedience to the
subpoena of senatorial investigating
committee. He was on the stand to-
day, and in reply to questions ad-
mitted that he had received the fol-
lowing donations to his campaign fund
from La Crosse men:

B. E. Edwards \$25.00
Levi Withee 25.00
L. C. Colman 25.00
W. W. Cargill 50.00
Frank P. Hixon 50.00

Total \$175.00

Denies Brewery Aid.

Twesme said he received the
money from C. S. Van Auken in
Trempealeau at the Davidson meet-
ing the Saturday night before
election. He denied all knowl-
edge of "another fund" raised
at La Crosse. Pressed by Senator
Morris and Chairman Marsh, he de-
nied any personal knowledge of con-
tributions by the La Crosse brew-
eries in his behalf. He would not say
that none had been made, but swore
that if there had been he knew noth-
ing of it. He said he had solicited
votes from the temperance people as
well as from the liquor interests.

He Knew the Law
Twesme testified at the time he
received this fund from Van Auken,
that he knew it was in violation of
the law, but that he "needed the
money." The transaction is covered
by the corrupt practices act.

ASSEMBLY VOTES TO PLAY OSTRICH TO ESCAPE STAND

Stephenson Men Carry Pro-
position to Sustain Mem-
bers in Ignoring Sena-
torial Subpoenas

MADISON, Wis., May 19.—(Spe-
cial.)—By a vote of 47 to 28 the as-
sembly Tuesday night decided to
give its moral support to those mem-
bers of the lower house who have
been subpoenaed to appear before the
senate investigating committee
if they refused to obey the subpoena.
Among those who voted for the
Cleary resolution excusing the sub-
poenaed assemblymen from appear-
ing before the investigating com-
mittee were Assemblymen Farrell,
Ledvina, Ramsey, Reader, Frank
Smith and Twesme, all of whom have

MILWAUKEE LAYS LAST RAIL TODAY

BUTTE, Mont., May 19.—The
last rail of the Chicago, Mil-
waukee and Puget Sound rail-
road, giving Chicago another
direct connection with Seattle,
was laid today near Hell Gate,
100 miles west of here. Trans-
continental service will be in-
augurated soon.

GUARDIAN NAMED FOR LEROY BELL

County Judge Cowie of Trempea-
leau county last night rendered a de-
cision in the LeRoy Bell case ap-
pointing to the petitioners the ap-
pointment of a guardian for LeRoy Bell.

It was alleged that Bell was in-
competent to manage his own af-
fairs, and was squandering his es-
tate upon a woman, known as Grace
Carney, Grace Baldwin, and by other
names.

Robert E. McAdam of Irving, Wis.,
was appointed as such guardian.

HUNT DESPERATE MAN.

JACKSON, Miss., May 19.—Two
companies of troops and a posse of
200 citizens are hunting for Tom
Atkinson, a desperate and escaped
convict in Winston county.

UNIVERSITY GETS \$150,000.

MADISON, Wis., May 19.—
(Special.)—The senate today
passed the bill appropriating
\$150,000 for the state univer-
sity. This is the compromise
bill, and affords some relief
from the penurious policy of
retrenchment sought to be
passed by the Stephenson-Da-
vidson leaders.

CLAY MAKES MOST POWERFUL SPEECH ON TARIFF MATTER

Georgian Flays Sugar Trust
for Bunch of Criminals
Who Should Be in Fed-
eral Prisons

ASKED AND IT WAS GIVEN

Aldrich Committee Without
a Word of Protest Would
Hand Trust \$3 Millions
Annually

WASHINGTON, D. C., May 19.—
The most scathing arraignment that
the sugar trust has ever been sub-
jected to on the floor of congress
was delivered in the senate today by
Senator Clay, of Georgia, during the
debate on the sugar schedule of the
pending tariff bill.

"The sugar trust," he declared,
"has constantly violated both the civil
and criminal laws of our country.
It is unconscionable and has
continually robbed the American
people since its organization. Instead
of knocking at the door of congress
seeking to increase its fortunes at
the expense of the masses of the
people, its officers ought to be at
the bar of the criminal courts, and
instead of enjoying their ill-gotten
wealth they deserve to be serving
long terms in our federal prisons."

"Every day in the year since it
was organized, the sugar trust has
violated the criminal laws passed

WASHINGTON, D. C., May
19.—The proviso permitting
the free importation of large
machines for two years, was
finally stricken from the Ald-
rich bill today.
Paynter's amendment to re-
duce the duty on linotype and
typesetting machines from 30
to 10 per cent was defeated by a
vote of 35 to 43.
The zinc schedule was mod-
ified slightly in the interest of
the consumer.

by congress to protect the American
people against these unlawful and
wicked combinations. The trust has
filched the treasury of the United
States out of more than ten millions
of revenue that justly belongs to the
treasury of the United States, needed
to pay the legitimate expenses of
the government."

Referring to the recent revelations
of fraud in connection with the
weighing of sugar at the New York
customs house, Senator Clay con-
tinued:

Robbery Admitted.

"The public press has announced
that the sugar trust has paid into
the treasury more than \$2,000,000
of which large sum its officers and
agents had robbed the treasury of
the United States. Suit is now pend-
ing in New Jersey against this trust
to recover a million of dollars for
revenues due the government, and
it is admitted by the officers of this
company, including its counsel, that
this unprincipled organization has
robbed the American people of this
vast sum which they are now trying
to compromise. The trust deserves
no mercy at the hands of congress,
and most assuredly no favors at the
hands of congress. The criminal and
civil laws ought to be rigorously en-
forced against it, and the best way
to destroy it is to give it healthy
foreign competition."

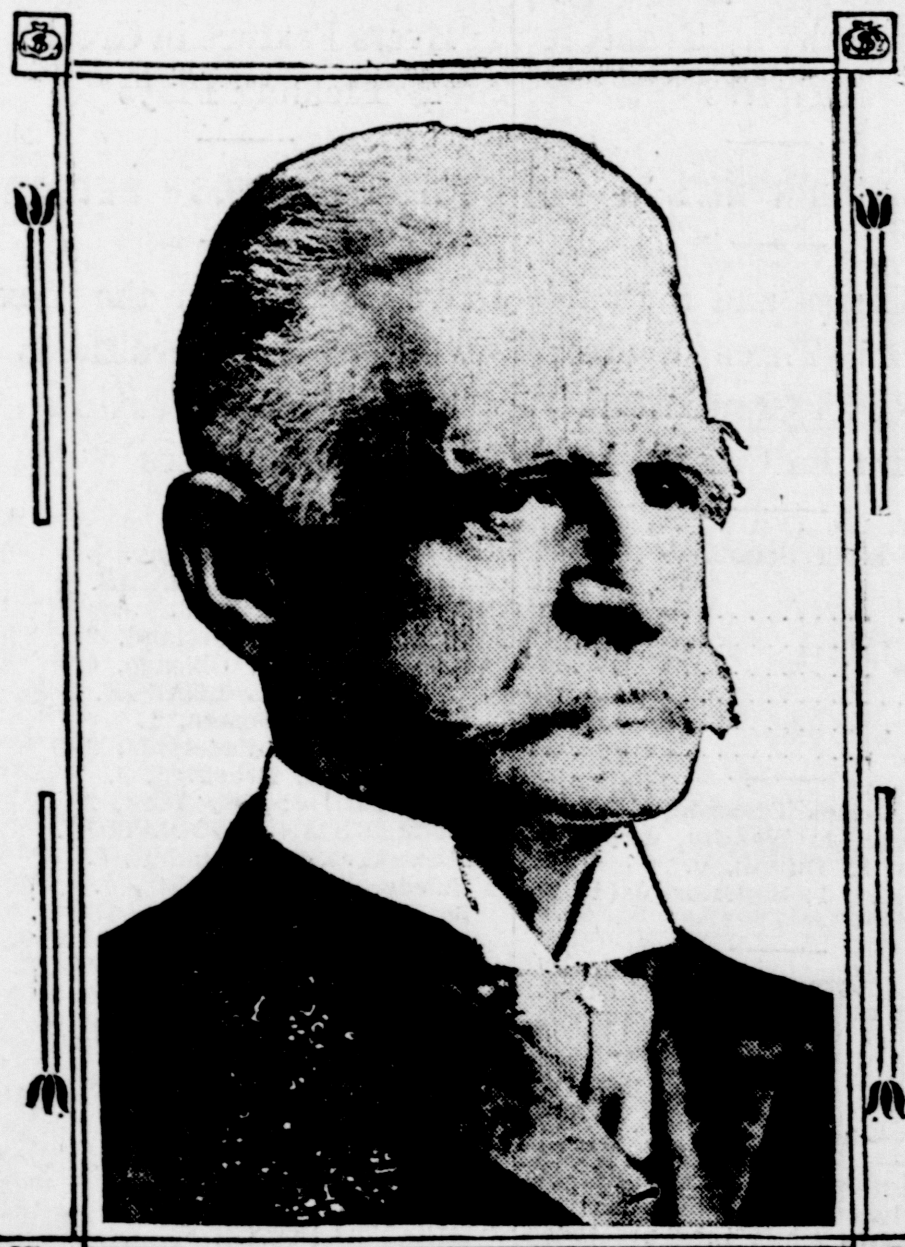

"Let us give the American people
cheap sugar. Let us grasp the sugar
trust by the throat and strangle it to
death and keep in view the interest,
the happiness, and welfare of the
plain people of America."

Everybody Pays.

"We must remember that sugar
is an important article of food daily
consumed by every man, woman and
child in the country. This being
true, the people had the right to ex-
pect that the finance committee of
the senate would treat it as a nec-
essity and tax it accordingly; but,
on the contrary, it has been singled
out as a subject of attack equaled to
have been confronted with facts and
figures which show that this food
product pays a tax of nearly 80 per
cent, while many articles of luxury
in this country are taxed at much
lower rates."

Why?
"Why should we place a tax on
sugar at nearly 80 per cent and
only 45 per cent on automobiles?
Why should we place a tax of nearly
80 per cent on sugar and 25
per cent on costly furs? Why should
we place a tax of nearly 80 per cent
on sugar and only 10 per cent on
diamonds? Why should we place a
tax of 80 per cent on sugar and on-

HENRY H. ROGERS WORLD FAMED FINANCIER DIES SUDDENLY OF APOPLEXY AT AN EARLY HOUR TODAY

HENRY H. ROGERS

Greatest "Captain of Industry" Who Died in New York
Today.

HUMANE SOCIETY TO STOP OVERLOADING

Amendment to Ordinance
Governing Carting Will
Be Asked of the City
Council

The committee on laws and legisla-
tion of the La Crosse Humane so-
ciety, of which Rev. J. S. Lowe is
chairman, will endeavor to secure
the passage by the city council of an
amendment to the ordinance govern-
ing draying and care of animals.
This action was decided upon at the
monthly meeting of the directors of
the humane society last night when
it was discovered that there was no
provision against overloading of wagons, in any of
the city ordinances. The society will
try to establish a maximum weight to
be hauled by a team and by a single
horse.

Sociology in Schools.

Another question of importance
taken up was that of the introduction
of the study of sociological condi-
tions by the schools, and by the pub-
lic in general. It is the belief of
the directors of the society, that
much good would result if the gen-
eral public would acquaint itself with
sociological conditions, and agita-
tion along this line will be taken
up. A committee, composed of Miss
Mathews, Prof. F. H. Fowler and
Rev. Henry Faville was appointed to
take up the matter with the board
of education and to otherwise agi-
tate and promote the idea.

HER SURE CURE FOR DRUNKENNESS FAILS

JOLIET, Ill., May 19.—Be-
cause Mrs. Frank Martinec tried
to cure her husband of the drink
habit by pouring gasoline over
him and then lighting it, she is
under arrest here on charge of
intent to murder.
The woman says Martinec
has been coming home drunk
every day. She could not stand
it any longer and bought a
quart of gasoline. As soon as
her spouse stepped into the
door, she poured the oil over
his clothing and, while he stood
sputtering, touched a match to
it.
Martinec had to jump into
the canal to keep from burn-
ing to death.

CHILDREN PERISH.

MARION, Ill., May 19.—The
home of Mr. and Mrs. Marion Mc-
Cormick, in Herrin, burned at noon
and three children were burned to
death.

ROCKEFELLER HEARS NEWS

United Press Informs Him
of Sudden Death of the
Captain General of
Standard Oil

NEW YORK, May 19.—Tentative
funeral arrangements were made this
morning.

It is planned to hold services in
the Unitarian Church of the Messiah
Friday morning and Rev. Robt. Col-
lier, the veteran pastor Emeritus,
will preach. Burial will be at Fair
Haven.

NEW YORK, May 19.—Samuel
Clemens (Mark Twain) arrived at
the Rogers home at noon. He was
in deep distress over the death of
his closest personal friend and the
tears streamed down his cheeks as
he was greeted by Henry H. Rogers,
Jr., at the doorway and taken into
the house. He declined to make any
statement. He said:

"No, boys, I can't. I'm too deep-
ly affected by this sad news to col-
lect myself sufficiently to say any-
thing. It is too bad. Too bad."

PATERSBURG, Va., May 19.—
President Taft received the news of
Henry H. Rogers' death soon after
reaching Patersburg. He made no
comment.

NEW YORK, May 19.—Henry H.
Rogers, whose master mind made
possible the Standard Oil company,
the Amalgamated Copper company,
and many of the biggest corporations
in the world, is dead. Stricken with
apoplexy while in bed at his house,
3 East 78th street, shortly after 6
o'clock this morning, he sank quick-
ly. Within an hour his physician, Dr.
Edmund Prince Fowler, who had
been hurriedly called from Perham
Manor, and had shattered all speed
records to reach the patient, pro-
nounced him past all aid. At the
bedside were Mrs. Rogers, his son,
H. H. Rogers, Jr., and his three
daughters.

Mrs. Rogers was awakened by
groans from the bedroom of the
millionaire and hastening to his side
(Continued on page 8.)

Nothing can take the place of Gold Dust

There's no room about the house more inviting than a snow-white bath room.

The tub, the bowl, the wash basin, the metal pipes, fixtures and taps, the tiling and woodwork all need the cleansing, brightening influence of Gold Dust.

A heaping tablespoonful of Gold Dust to a pail of water is all that is required.

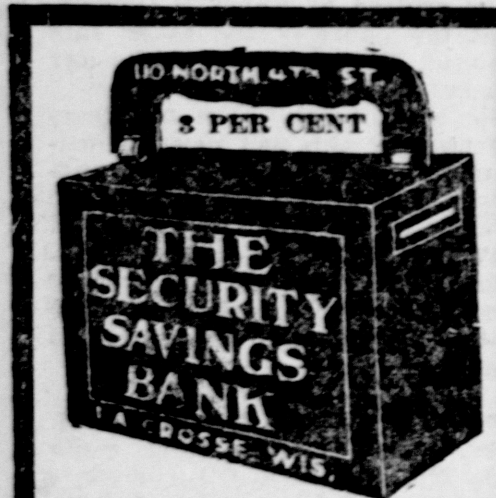

Gold Dust is the greatest of all sanitary cleansers. It searches out every impurity — kills every germ.

Superior at Eau Claire.

Pitcher Pfeffer, That's all. That was about the case yesterday when Safford's team with Pfeffer as the ring-leader, held the Lumberjacks helpless while they proceeded to administer a beautiful coat of whitewash to the browbeaten north-erners.

But don't forget Pitcher Pfeffer. That tall Anglo-Saxon youth, who by the way, was just secured from Fort Wayne, turned out to be a regular Christy Mathewson, holding McCarthy's men to one stinky hit until the eighth when they connected with his benders for three scant singles. Then with two men on bases and two out Wilson filed to Kline's waiting mitt.

That was the only time that Wausau threatened and then the big German did not seem to be in the least bit fussed, but coolly proceeded to shoot them over as if nothing had happened.

In the meanwhile the locals had proceeded to get busy with Pitcher Safford's delivery for nine hits, five of these being bunched in the fourth inning brought in three scores. The strange thing about it was that it all happened after there were two men out. Safford doubled out of Burgoise's reach into centerfield and came home on Crowe's hot drive past first. Kraher poked a high one just out of reach of shortstop. Gloomy Gus Fogel again surprised the fans by cracking out a dandy single, scoring Crowe and Kraher. Pfeffer, who besides doing some first class flinging, had established a good foundation for a batting average by hammering out a hit the first time up, again connected with the ball for a smashing single along the first base line. Malloy ended the fun by sky-lining Burgoise.

La Crosse's next run came in the seventh when Wilhelm poked a high one to center field for two bases. Kline smashed a grounder to second and the man who was holding down that station, evidently thought he could get the fast little shortstop napping for instead of throwing to first he held the pilet. But instead of returning to be tagged Wilhelm set out for third and was safe on the sack when McGee let Talbot's throw slip through his fingers. A terrific sacrifice fly by Klein to Wilson permitted him to score easily. Safford grounded to Schiefer, retiring the side.

After than the men went out one, to three. Schiefer pitched a good game for Wausau and with the exception of the fourth inning the contest was fast and snappy clear through. Talbot at short for the visitors played a good game, securing three putouts unassisted.

"Chief" Crowe shared the honors with Pfeffer by banging out a double and two singles. He also fielded his position in excellent manner, stopping some hot drives that looked like hits and shooting them across to first with terrific speed.

Eau Claire, 1; Superior, 0.
EAU CLAIRE, Wis., May 19.—Eau Claire nosed out a victory over Superior by a score of 1 to 0 in the first extra inning game of the season in the Minny league yesterday afternoon, the contest going 16 innings before either team was able to push a score over the plate. The game was intensely interesting from the start to the finish and in spite of the fact that the contest went past the supper hour not one of the spectators thought of leaving the grounds. Both pitchers were in excellent form and pitched grand ball, both deserving to win. Dickinson weakened slightly in the last round and Eau Claire was quick to take the advantage offered. The local fans are enthusiastic over the work being done by Manager Schoonhoven's team.

Winona, 1; Duluth, 0.
WINONA, Minn., May 19.—By a lucky bunching of hits in the first inning Winona was able to make it three straight from Duluth yesterday. Carlyle singled and Curtis followed with a triple, sending the only run of the game over the plate. Both Byers and Murray pitched great ball and after the lucky first not a Winona batter was able even to scratch a hit off Murray. The game was marked by clean fielding, only one error being made, and both sides played snappy ball. Score: R H E
Winon 10000000-1 2 0
Duluth 00000000-0 4 1
Batteries—Byers and Moore; Murray and Brech.

Philadelphia lost the third straight game to Chicago by 3 to 2. Schulte got a home run with a man on base in the fifth inning. Great fielding plays by Tinker and Evers prevented the Phillies scoring several runs.

Brooklyn tied Pittsburg in the ninth by good uphill work, but lost in the tenth, when Hunter relieved Rucker. Hunter hit a man, and made a wild throw on Leach's bunt, and then Wagner hit for three bases, scoring Barbeau and Leach, and coming home himself on Abstein's sacrifice hit.

After pitching shutout ball for eight innings Ferguson gave four bases on balls and allowed two hits and a sacrifice fly in the ninth, giving St. Louis the victory over Boston, 3 to 1.

Cincinnati defeated New York, 4 to 2, by making its hits count. The Reds got two runs in both the sixth and ninth innings by clever stick work.

American League
Detroit drove Chech from the box in the sixth, getting three hits and stealing three bases, but Arellanes held the Tigers thereafter. Rossman's wild throw to the plate, following two hits, gave Boston the game in the tenth. Three great fielding plays by Wagner, Speaker and Hooper, prevented Detroit from scoring a run that would have ended it in the regulation number of innings.

Philadelphia made it four straight by defeating Chicago 5 to 0 in the final game of the series. This makes thirty-four innings the Sox have played in the last three games without scoring.

New York made it three straight by defeating Cleveland, 4 to 2, in a six inning game which was called early to allow the New York team to catch a train to St. Louis.

AMERICAN COLT IS SECOND TO KING'S
LONDON, May 19.—With the historical English Derby set for decision at Epsom Downs, a week from today, the list of probable starters and jockeys was made public today. It discloses the fact that an American bred colt, Louis Wiman's Sir Martin, by Ogden, bred at Hamburg Place in Kentucky, by John E. Madden, is second choice in the betting, with the king's Minors first. The betting against Minors is 7 to 2 and against Sir Martin 11 to 2, with the American contingent backing him at Tattersall's daily. From present indications he will go to the post a 3 to 1 choice, inasmuch as in his latest trial he went a mile and a quarter with a heavy boy in the saddle in 2:08.

JIMMY CALLAHAN STAYS SEMI-PRO
CHICAGO, May 19.—Jimmy Callahan, once star pitcher of the Chicago Nationals and Chicago White Sox, is satisfied to remain a semi-professional manager. He declared today that he had rejected offers from Griffith of Cincinnati and Cantillon of Washington to play in the outfield.

Philadelphia lost the third straight game to Chicago by 3 to 2. Schulte got a home run with a man on base in the fifth inning. Great fielding plays by Tinker and Evers prevented the Phillies scoring several runs.

Brooklyn tied Pittsburg in the ninth by good uphill work, but lost in the tenth, when Hunter relieved Rucker. Hunter hit a man, and made a wild throw on Leach's bunt, and then Wagner hit for three bases, scoring Barbeau and Leach, and coming home himself on Abstein's sacrifice hit.

After pitching shutout ball for eight innings Ferguson gave four bases on balls and allowed two hits and a sacrifice fly in the ninth, giving St. Louis the victory over Boston, 3 to 1.

Cincinnati defeated New York, 4 to 2, by making its hits count. The Reds got two runs in both the sixth and ninth innings by clever stick work.

American League
Detroit drove Chech from the box in the sixth, getting three hits and stealing three bases, but Arellanes held the Tigers thereafter. Rossman's wild throw to the plate, following two hits, gave Boston the game in the tenth. Three great fielding plays by Wagner, Speaker and Hooper, prevented Detroit from scoring a run that would have ended it in the regulation number of innings.

Philadelphia made it four straight by defeating Chicago 5 to 0 in the final game of the series. This makes thirty-four innings the Sox have played in the last three games without scoring.

New York made it three straight by defeating Cleveland, 4 to 2, in a six inning game which was called early to allow the New York team to catch a train to St. Louis.

JOHNSON WILL WIN SAYS JIM JEFFRIES
CHICAGO, May 19.—When asked for his opinion about the six round go between Jack Johnson and Jack O'Brien, which takes place tonight at Philadelphia, James J. Jeffries declared that Johnson would win.

"O'Brien is a mighty clever fighter," said Jeffries, "and if it were not for his showing against Ketchel I would be inclined to believe he had an even chance in tonight's battle, but that fight showed plainly that O'Brien had gone back. If the negro stands off and spars with O'Brien then Jack has a chance, but I firmly believe Johnson will force the milling throughout."

Jeff and his manager, Sam Berger, were out practicing with the White Sox team again yesterday morning. The champion worked for over three hours playing ball, wrestling and running.

KETHEL WILL BE PRESENT AT FIGHT
PITTSBURG, Pa., May 19.—Stanley Ketchel, middleweight champion, who last night allowed Hugh McGann of Indianapolis to stay the scheduled six rounds with him before the National Athletic club, left here early today to see tonight's fight at Philadelphia between O'Brien and Johnson.

Ketchel will be an interested spectator as he is matched to fight Johnson at Colma next October. Ketchel gave McGann a terrific beating and could undoubtedly have put him away at any stage after the third round. Three times McGann went through the ropes.

GREAT MARATHON TO BE RUN AT CHICAGO
CHICAGO, May 19.—Chicagoans will have an opportunity on May 25 to see the best Marathon runners in world compete for \$10,000. The race will be run at the American league ball park. Charles Harvey, who handled the New York end, closed the deal when he accepted the terms of James J. Callahan and Louis M. Houseman, the local promoters. John Saynberg and Johnny Hayes and Dorando Pietri have already consented to run. Harvey expects that Tom Longboat and St. Yves will sign an agreement also to appear.

PAPER CELEBRATES 59TH ANNIVERSARY

Prairie du Chien Courier is the Second Oldest Publication in the Entire Northwest

PRAIRIE DU CHIEN, Wis., May 19.—(Special.)—Today, May 19, an anniversary of historical interest in western Wisconsin occurs with the completion of fifty-seven years of continuous existence for the second oldest newspaper in the northern Mississippi valley, the Prairie du Chien Courier.

The Courier is the oldest publication in this part of the northwest with the exception of the paper now known as the St. Paul Pioneer Press, which was established in 1849 as the Minnesota Pioneer. Other papers printed in the late forties and early fifties in Dubuque, Prairie du Chien, La Crosse and St. Paul have ceased publication or lost their identity.

Established in 1852. The first number of the Courier was published May 19, 1852, by Buel E. Hutchinson and J. Hurd. After several changes of proprietors the plant was purchased in 1856 by Mr. V. A. W. Merrell, an eastern newspaper man, who had been for several years on the staff of the Milwaukee Sentinel, then in its infancy.

Like many other eastern men of that day, Mr. Merrell was much impressed by the natural beauties and advantages of the little frontier town on the Mississippi, and believing in its future he invested in property here. For the Courier he put in the best presses and equipment then to be had and by his editorial ability made it one of the most notable publications in the northwest.

In November, 1858, the Courier passed into the hands of its present editor, Mr. William D. Merrell, then in his nineteenth year. Since that time, over half a century, it has been in Mr. Merrell's immediate charge, and has never missed an issue.

Ahead of the Railroad
The Courier preceded the railroad and telegraph in Prairie du Chien by five years, and when we remember that its early files contain accounts of the passing of the old Whig party and the birth of republicanism, the election of Franklin Pierce, and the Buchanan and Fremont campaign, we realize that it was indeed a pioneer in journalism along the upper Mississippi.

Had But One Predecessor.
The Courier had only one predecessor in this section and that, the Prairie du Chien Patriot, which was the first newspaper established west of Milwaukee and north of Dubuque. Its first number was issued September 15, 1846. It continued publication for about five years when the material and press were sold to La Crosse purchasers, and taken by boat to that place, where they were used in founding the first newspaper printed in La Crosse, called the Spirit of the Times, afterward the National Democrat.

JOHNSON WILL WIN SAYS JIM JEFFRIES
CHICAGO, May 19.—When asked for his opinion about the six round go between Jack Johnson and Jack O'Brien, which takes place tonight at Philadelphia, James J. Jeffries declared that Johnson would win.

"O'Brien is a mighty clever fighter," said Jeffries, "and if it were not for his showing against Ketchel I would be inclined to believe he had an even chance in tonight's battle, but that fight showed plainly that O'Brien had gone back. If the negro stands off and spars with O'Brien then Jack has a chance, but I firmly believe Johnson will force the milling throughout."

Jeff and his manager, Sam Berger, were out practicing with the White Sox team again yesterday morning. The champion worked for over three hours playing ball, wrestling and running.

KETHEL WILL BE PRESENT AT FIGHT
PITTSBURG, Pa., May 19.—Stanley Ketchel, middleweight champion, who last night allowed Hugh McGann of Indianapolis to stay the scheduled six rounds with him before the National Athletic club, left here early today to see tonight's fight at Philadelphia between O'Brien and Johnson.

Ketchel will be an interested spectator as he is matched to fight Johnson at Colma next October. Ketchel gave McGann a terrific beating and could undoubtedly have put him away at any stage after the third round. Three times McGann went through the ropes.

GREAT MARATHON TO BE RUN AT CHICAGO
CHICAGO, May 19.—Chicagoans will have an opportunity on May 25 to see the best Marathon runners in world compete for \$10,000. The race will be run at the American league ball park. INTEREST CENTERS ON GREAT CONTEST

Immense Crowd Will See World's Champion Meet Jack O'Brien Tonight at Philadelphia

PHILADELPHIA, Pa., May 19.—With the house sold out and the audience certain to be the biggest ever gathered in the National Athletic club arena sporting interest everywhere centers in the meeting tonight of Jack O'Brien and Jack Johnson. It will be the first ring appearance of the champion heavyweight since he defeated Tommy Burns in Australia. He declares he is trained to the minute.

There is considerable betting today that O'Brien will last the six rounds and some at big odds that he will outpoint the dusky champion.

The experts expect to see O'Brien hit and run tonight and if Johnson follows his usual flat footed waiting style, he is likely to find himself outpointed when the final bell rings. The sports, however, are taking his word for it, that he will fight every second he is in the ring. Here is the way the men will measure in the ring:

Johnson	Age	O'Brien
30	32	
6 ft. 1 1/2 in.	5 ft. 10 1/2 in.	

POICE CLAIM TO HAVE BOY'S SLAYER

SUPERIOR, Wis., May 19.—Police Officer Braune of the Superior force arrived from Saxon, Wis., over the South Shore road last evening with Ralph Deizenroth, whom the police say they have reason to believe is the murderer of Rudolph Nelson, the high school boy killed near Itasca, a railroad suburb, Friday afternoon. When arrested Deizenroth was not armed, nor did he have any of the boy's property.

Frank H. Burgess

Subscribed and sworn to before me this thirtieth day of April, 1909. A. E. BLECKMAN, Notary Public.

WHAT WRONG WAS DONE?

Now that much of the hysteria concerning the examination of Frank T. Wagner, the unbalanced detective who swore to a bribe story before the senatorial investigation committee, has subsided, it may be well to calmly view the case and see wherein, if at all, the committee erred so grievously in having listened to the testimony of the detective.

Wagner told a straight story. He stuck to it so well that casual observers were impressed with his earnestness and plausibility. He stood unflinchingly the fire of a severe and able cross-examination.

While that is not a crime, the fact that the men he accused of receiving the bribe had distinguished themselves by defying their party caucus and leaving the senate chamber at the proper time to make certain the election of Stephenson, a political opponent of their party, is a fact which the committee, in its judicial capacity, had a right to consider. The fact that these men are innocent does not obliterate the fact that their action was an unusual one.

The committee has called scores

of witnesses before it. It called many when the assembly branch was sitting with it as a joint committee. There was no intimation that because a witness was called his story was to be accepted as true; had that been the case the committee must have met with daily disappointments. The committee was there to find out the facts, and it recorded the evidence of each witness and in its report will give that evidence what weight it seems worth. It did so in the Wagner case, the only difference being that in that instance it anticipated its official report by issuing a statement in which it declared that in promptly going over the detective's back trail, it had found that his story was a hoax. The matter was treated exactly as have all others coming to the attention of the committee, and if it has had any effect as touching the standing of the accused men, it has tended to exculpate them as to any suspicious that may have attended the extraordinary conduct in which they indulged in securing the election of Stephenson.

RICH ALDRICHISMS

In recent Washington correspondence we note a discussion of the trouble Senator Aldrich is having in finding excuses for the increase he proposes in various tariffs. He is kept busy side-stepping between the excuse that an article needs protection, and the other excuse that the increase is necessary for raising revenue. Sometimes, closely pressed by insurgents, he becomes confused, and makes of himself conspicuous by uttering palpable follies. An instance is the following, in which a colloquy on resins is taken from the record:

Mr. Dolliver: These two articles appear to be new. I should like to inquire of the chairman of the committee what they are—extracted resins and oleoresins. They seem to be, according to the people who have communicated with me, articles that have heretofore been available in the manufacture of soap. I should like to inquire what the occasion is for putting them on the dutiable list.

Mr. Aldrich: The question whether they are dutiable or not is now a contested question. The experts in the custom house in New York think they ought to be dutiable, and they have so contended before the courts, and I think the courts have decided in their favor.

These articles are used in the manufacture of cheap soaps. The Aldrich bill puts a duty of 55 cents a pound on them. The effect, of course, is to make soap more costly to manufacture in this country. Apparently they were not thought of in the making of the present law but the customs officials and the courts have decided that under some ambiguous wording of some section of the law they can be included and taxed. Now the committee proposes making this tax definite and perpetual, giving no better reason or excuse than that the courts have, by construction of some doubtful language, in the old law, said they are now subject to tax.

Another incident in kind is the following, also taken from the record:

Mr. Beveridge: I wish to ask a question. "Tannic acid, or tannin, 25 cents a pound." I understand that the material out of which tannic acid is made has been very much diminished in this country, and will, probably further diminish, and that the most of our material for that substance is now imported. Is this duty a revenue or a protective duty?

Mr. Aldrich: It is a revenue duty. I think there is no large amount of tannic acid now imported. I do not think there ever has been.

Mr. Beveridge: Then, of course, if there is no importation to amount to anything, it is not a revenue duty. Isn't that clear? We don't need a protective duty, because we haven't much if any of this material to manufacture. So Aldrich says in one breath it's a revenue duty, and in the next breath, or the preceding one, admits it doesn't produce any revenue. The fact is there was, in 1907, tannic acid imported to the value of \$2,797 and it paid \$3,190 in duties.

Cotton seed oil is dutiable at four cents a gallon under the present law. Last year there were 292 gallons of this oil imported at a value of \$81, and it paid \$8.38 duty. The Payne

bill put cotton seed oil on the free list. The Aldrich bill puts it at a duty of 25 per cent ad valorem. Although the four cents a gallon duty seems fairly prohibitive, as it let into the country last year only \$82 of oil, Aldrich would raise the duty on that 292 gallons from \$8.38 to \$20.25.

Senator Bacon of Georgia, a cotton state, suggested that cotton seed oil should go on the free list. Mr. Aldrich objected that to reduce the duty below 25 per cent might destroy the cotton seed oil industry in this country.

Mr. Tillman of South Carolina, another cotton state: The cotton seed oil producers do not want any protection on it.

Mr. Newlands: I should like to ask the chairman of the committee on finance whether he regards this duty of 25 per cent as a duty for revenue or a duty for protection?

Mr. Aldrich: A duty for protection, pure and simple, and for no other purpose. The present duty of four cents a gallon on cotton seed oil is prohibitory. That duty now suggested is 25 per cent ad valorem, which is put on this article as a protective duty to prevent the importation into the United States of cotton seed oil produced in Egypt or any other country.

Mr. Money of Mississippi: I do not know who has been before the committee of finance to advocate a tax upon cotton seed oil. It is a very large product of my state, and the exclusive product of the southern states. But I desire to say that there is not a single democratic senator that I have ever heard of who has asked for such a tax, and I have inquired to find if anyone wanted a tax put on. We have no competitor that I am aware of in the production of cotton seed oil. Why it was put on the taxed list I do not know, because there is no revenue in it, and there is no protection in it.

"LEN" LOTTRIDGE LETTERS

WEST SALEM, Wis., May 19.—An increased interest in the automobile market has been visible in Salem this spring and has resulted in some individual purchases of powerful motors. Wendell McDowd has just received his new 40 horse power Mitchell that carries seven persons. D. Trimble has contracted for a 40 horse power Jackson that is to be delivered by the first of June. L. C. Sanders of the Farmers' store, has recently purchased a Rambler which he is studying to drive and manage, both in business and pleasure. George McDonald has added an auto to his livery as traveling men are seeking it the quickest conveyance obtainable. A traveling man said he was forced to use an auto or his opponents would get ahead of him and secure the merchants' order.

From the many cars we see on our streets daily from the city of La Crosse, it seems a move should be made to call a good roads meeting to organize, appoint one or more committees, and adopt plans for the purpose of improving the roads between La Crosse and Salem and afford smooth passage for autos and carriages. Such an enterprise would materially increase the business of La Crosse and furnish a pleasure ride for the many auto owners in La Crosse county.

A finance committee would find but little difficulty in raising funds to complete this necessary improvement. Many farmers along the line would donate team work and material in the project. All that is necessary is to call a meeting adopt plans and the public interest will do the rest in short order. Then Sparta would fix the road between that city and Salem, and then the La Crosse auto trip would be extended to nearly 60 miles.

Autoists will find good roads and extend their trips by going the south road through Barre Mills to Salem and as the latter place has one of the best hotels in the land they can get full and return by what is called the north road, which route will cover nearly thirty-five miles in distance and as Barre refused to go dry this year a glass of "Gund's Peerless" or "Helleman's Old Style Lager" would be gladly welcomed by the thirsty tourists as they pass through Barre Mills.

If the proper spirit and public en-

NEEDFUL KNOWLEDGE

La Crosse People Should Learn to Detect Approach of Kidney Disease.

The symptoms of kidney trouble are so unmistakable that they leave no ground for doubt. Sick kidneys excrete a thick, cloudy, offensive urine, full of sediment, irregular of passage or attended by a sensation of scalding. The back aches constantly, headaches and dizzy spells may occur and the victim is often weighed down by a feeling of languor and fatigue. Neglect these warnings and there is danger of dropsy, Bright's Disease, or diabetes. Any one of these symptoms is warning enough to begin treating the kidneys at once. Delay often proves fatal.

You can use no better remedy than Doan's Kidney Pills. Here's La Crosse proof:

Mrs. H. Hermanson, 1125 South Third street, La Crosse, Wis., says: "My husband and I both appreciate the great curative powers of Doan's Kidney Pills. A box of this remedy procured at Erhart's drug store, brought me almost instant relief from backache and other symptoms of kidney complaint. My husband used Doan's Kidney Pills some years ago and the results were entirely satisfactory."

For sale by all dealers. Price 59 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

QUIPS AND CRANKS AND WANTON WILES

Fishy.
His mind is down the river
Where the willows fringe the stream,
He sees the fish a-biting
And the white sails' silver gleam;
There's a clover in the breeze
And the season's on for shad—
Oh, he's got "that tired feeling,"
And he's got it bad!
—Philadelphia Star.

Well Mixed.
"Those new neighbors of ours must be well fixed."
"What makes you think so?"
"They gave a party yesterday and they didn't have to borrow a thing from us."
—Detroit Free Press.

New Potatoes.
I do not laud the robin, or
The growing buds,
I save my adulation for
The early spuds.
—Kansas City Journal.

Opportunities.
"Opportunities are dancing on every man's desk!" shouted the high-browed lecturer.
"Yes; but they ain't half as liable to bite ye as the spring fever or fishin' germ," echoed the chronic grouch.—Judge.

One for Each.
"I see the New York tramway lines are putting on cars for women."
"Individual cars?"—Washington Herald.

Pointing a Distinction.
"A high financier should be something of an economist, should he not?"
"I don't think so," answered Mr. Dustin Stax. "The object of an economist is to see what he can get along with; that of a high financier is to see what he can get away with."
—Washington Star.

Trying to Be Accurate.
"Where's this trunk going?" asked the baggage man.
"Well," answered the mild-mannered passenger, "from the way you are handling it I'm inclined to change my first impression on the subject and conclude that it is going to the scrap-heap."
—Washington Star.

Inhuman.
A local band was one day playing at Dunfermline, when an old weaver came up and asked the bandmaster what they were playing. "That is 'The Death of Nelson,'" solemnly replied the bandmaster. "Ay, man," remarked the weaver, "ye hae given him an awful death."
—Glasgow Herald.

terprise possess the people of La Crosse, this good roads improvement will be in active evidence in a short time and the healthiest life giving vehicle in the world will in the future make smooth and speedy passage over it.

Last winter an effort was made to discontinue and dissolve the Salem Congregational church organization, and offer it as the Jonah whale, but the attempt was not successful. The Salem Congregational church has always stood for right, justice, good order, complete religious liberty and Christian activity, and was eminently fit to die, but a majority of its members actuated by Christian manhood and church pride, declared it should live, and in the future as in the past be at the front in religious work and Christian influence in this community. This determination has materially brightened the future welfare and well-being of this moral factor in our midst and points to better things to come as the days go by.

It looks as though the farmers' store had a "hunch" that congress would put a tariff on sugar, for Manager Sanders has recently added two carloads of sugar to his large stock of general merchandise.

The remains of M. J. Phillips, son of A. J. Phillips, who died in Texas from tuberculosis, arrived here last night on the 10 o'clock train. The funeral was held at the home of his father. Rev. McKee preached the sermon, and interment was made at the Salem cemetery. Deceased was born here and has many friends who deeply sympathize with the stricken family.

Dode Fisk very prudently decided to take his circus to La Crosse first and ten days later, when his performers improve in their parts, will bring his aggregation to West Salem where the exhibition is expected to show decided gain in both men and animals. A limited number of La Crosse people will be permitted on the grounds, but will not have the liberty to monkey with the elephant or occupy front seats. Dode Fisk will give away a cow at the Salem show, but we have not heard that he extended such generous consideration to citizens at our county seat.

Rev. Cole has been called to the pastorate of the Congregational church and preached his initial sermon last Sunday.

The Salem creamery has been selling buttermilk at five cents per barrel, but now the association is considering plans to sell by the bottle to be carried to consumers by the milkman. Mr. Pierce. Many are asking that he bottle his sweet milk and deliver only the bottled commodity, as is required in most cities of the country. Those who have children should demand that bottle milk be furnished in all instances.

LEN LOTTRIDGE.

SPOTLIGHTS

Stubborn Cinderella Tonight.
"A Stubborn Cinderella," the quality musical play by the authors of the "Girl Question," "The Time, the Place and the Girl," will be the attraction at the La Crosse theater tonight. This time, however, the show is of an entirely different character from the plays these authors have given us in the past. Instead of depicting characters in the middle class, they have reached up a bit and brought into being titled aristocracy from Scotland and well to do Americans. Slang expressions and the "Brothers" have been entirely eliminated from "A Stubborn Cinderella," and in their place correct English and handsome show girls in fetching costumes—which they change often—add lustre to the scenes.

A most complete story is told in "A Stubborn Cinderella," while interspersed throughout the action of the piece are 20 decidedly clever song numbers, many of them being distinctive hits. Especially is this true of "When You First Kiss the Last Girl You Love," being introduced in the last act in the descriptive ballet entitled "The Orange Fete," in which beautiful scenery and costumes make a brilliant picture.

Quite a number of distinct song hits are sung, the best perhaps being "When You First Kiss the Last Girl You Love." Others are "What's the Use," "Don't Be Cross With Me," "If They'd Only Let Poor Adam's Rib Alone," "Don't Be Anybody's Moon But Mine," "I'm In Love With All the Girls I Know," "Love Me Just Because," and other good ones.

"The Right of Way."
Hail to melodrama! The musical comedy may come and go; the problem play may seethe and scorch with its fetid odors; the comic opera may give a temporary thrill with the gaudy costumes and scantily attired femininity, but when all these weary the satiated playgoer, he turns again to melodrama refreshed and eager.

Sir Gilbert Parker, when he wrote "The Right of Way" in novel form, probably had no intention of ever witnessing his story on the stage. He sought to picture life in the Canadian woods, and in order to make his drawing nearer complete, he took for his personages types of character which strongly contrasted and, while unusual, were true to life.

In this respect he succeeded admirably and the world regarded "The Right of Way" in the light not only as an interesting story, but a study in human nature, mental eccentricities and the strong devotion of man to man.

The dramatized version of this fine work will pay a visit to the La Crosse theater for one performance tomorrow, with Guy Standing and Theodore Roberts in their famous impersonations of Charley Steele and Joe Portugais.

Mr. Presbrey, in his dramatization has dwelt largely on the characteristic element without entirely ignoring the psychological with the result that the play as it stands today appeals strongly to the amusement-loving public and still furnishes food for thought.

Guy Standing, the Charley Steele of the cast, has for many years looked long at the stellar field, and has found his own at last, and gives a performance which is meritorious and pleasing to everyone.

Mr. Roberts—Theodore is his first name—is what might be termed a "real" actor. He has a way of fitting into a part and giving it with a fidelity to nature that the average spectator forgets. His work is theatric. We all recall his Canby in "Arizona," and later his Simon Legree in "Uncle Tom's Cabin." They were well high accurate, although widely divergent, but he strikes nearer to the truth in Joe Portugais than in any character in which the public has seen him.

IMPORTANT COURT DECISIONS

UNEQUAL PUNISHMENT FOR SAME OFFENSE. Appellant in City of Wichita vs. Murphy, 99 Pacific Reporter, 272, alleged that the ordinance under which he had been imprisoned for violating a liquor law was void, as it provided unequal punishment for the same offense. He urged that a dissimilarity in the condition of jails would as effectively destroy the uniform operation of law as an express difference in punishment. Some jails may be reasonably comfortable, while others are so exposed to the weather as to imperil the lives of the inmates. The logic of this argument seems to go to the extent that incarceration in a clean, comfortable city jail would be less repressive upon offenders than in one which might be offensive and unhealthy. The Kansas supreme court held that it was impossible to make all prisons uniform in character or equally comfortable, but the law permits a joint keeper to establish his business wherever he may find a jail that may seem satisfactory as a prospective residence.

Meant to Be Funny.
"Why do you insist on underating the kind of golf you play?"
"Because," answered the wise official, "there is no use of making a whole lot of people jealous and antagonistic over a little thing like golf."
—Washington Star.

The Author—Well, how do you like my play?
The Critic—Oh, it was nice.
The Author—Didn't you think the church scene realistic?
The Critic—Intensely so. Why, a great many of us actually went to sleep while it went on.—Cleveland Leader.

Reform should always begin at home.

Love The Criminal

By J. B. Harris-Buriald.

COPYRIGHTED 1904

In the neighborhood it was rumored that Lady Tankerlane's mind had become unbalanced by the death of her child. It was only natural that she should cut herself off from all society; but the servants' gossip had revealed a most unnatural state of affairs at Tankerlane Court. It was reported that Sir William Tankerlane and his wife never met, and lived separate lives in the same house. That this should be the case, in the face of the recent sad event which ought to have drawn husband and wife more closely together, set many tongues wagging. And Lady Tankerlane formed a staple subject of conversation, both at the dinner tables of the rich and in the public houses of the entire district.

"There's something at the bottom of all this," was the verdict among her social equals.

"Tis the judgment of the Lord," was the opinion of the lower classes, who are always well informed as to the intentions of the Almighty.

"My poor child," cried old Sam Vane, in the silence and solitude of his home, "Oh Lord, have mercy on her in her hour of trouble."

But Laura herself lived her own dull monotonous life, as though every minute of it were a task that she had to perform against her will. Drab day succeeded drab day, and the only hours of peace were the hours of sleep. Remorse, regret, bitterness of spirit, rebellion against the world and Him who made it—these were the devils that had taken up their abode in her heart. And their voices shrieked and babbled through all the long grey night.

Then one evening she found a newspaper laid upon her dinner table. A small paragraph was carefully marked in blue pencil, and as she read it, the hot blood rushed to her cheeks and the paper trembled in her hands. The paragraph, which was part of a column of society news, announced the engagement of Mr. John Shill to the well known actress, Miss Leonore Jackson.

For a few moments Laura stood motionless. Her powers of thought and movement were paralyzed. The lines of print danced before her eyes against a crimson background, like devils dancing in the flames of hell.

Then she walked unsteadily to the bell and rang it.

"Who sent this paper up here?" she asked the maid who answered the bell.

"Sir William sent it my lady."

"Thank you," Laura said curtly. "You can go."

And when the girl had left the room, Laura Tankerlane laughed.

and, going to a sideboard, poured herself out a tumbler full of wine, and drank half of it at a single gulp. The news, instead of reconciling her to her marriage with Sir William, had fired her mind into a white hot flame of fury. So long as John Shill was free she could wait, she could drag out the weary hours in the hope that time would set all things right at last. But if John Shill once married this other woman, he would be lost to her forever.

"I will take him from her," she cried; "I will have no pity. What a fool I was to listen to her pleadings! Yet who could imagine that any woman would be so vile? I will take him. I will live my own life. All else can go to the wall. Here's an end to the long grey night, an end to sorrow, an end to dull respectability and honour, and prudence, and all the words that men have coined to make slaves of their womankind. Here's an end to it all, I say, an end to the night, and here's to the health of the dawn—the dawn of love."

She raised the glass to her lips, and then, as though seized with a sudden madness, she flung it on the table, and the red wine spurted up from the cloth like blood.

CHAPTER XXIV
The Crimson Dawn

Far away across the grey eastern sea the first gleam of a winter's dawn was tinging the sky with a flush of pale rose. The marshland, dreary enough in the summer sunshine, looked cold and ghastly in the dim light of a December morning. The flat ground was carpeted with mist, not thick enough to conceal its ugliness, but sufficiently dense to suggest the damp rawness of the atmosphere. The creeks, full to the brim with water, were laden in colour, and looked as if a few ice floes would be in keeping with their temperature.

The silence of the night was giving place to the first whispers of day. A few seagulls circled in the air, and wailed out a dismal greeting to the sun. A faint breeze hissed through the reeds and sedge; and the water of the creeks, stirred into tiny waves, splashed gently on the banks of mud.

It was not a scene to tempt anyone from a warm bed, or even the cheerful shelter of good stone walls. Yet John Shill had been lying out all night in a punt, and, after the darkness, even this dreary dawn had a certain aspect of geniality. He had certainly spent his night in the marshes to shoot wild duck, but he had not even heard the whirr of their wings. Yet he felt that he had not wasted his time, for he had been unable to sleep, and the very atmosphere of the house had seemed to crush all the life out of him. Who does not remember such nights as these—nights in which the air presses down like a thick pall of velvet, nights in which the brain runs riot and the body cannot rest. They come, regardless of season, in summer or winter; the stifling pressure is from within, and not from the atmosphere without. John Shill, after two hours of unutterable depression, had risen and dressed himself, and an hour later he was lying in his punt in a creek about half a mile from the house, with a retriever by his side, and a gun in his hands.

FUNERAL SERVICE FOR MISS HELIN

Body is Brought Back from
Chicago Where Young
Woman Died Sud-
denly

The body of Miss Eva Helin, who expired in Chicago last Saturday night, arrived last night over the Milwaukee, accompanied by Mrs. Peter Helin, who was called to Chicago by the young lady's illness, and Mrs. Larsen, a sister of the deceased. The funeral will be held from the Norwegian Baptist church, corner of Charles and Logan streets, at 2:30 o'clock tomorrow afternoon, conducted by Rev. Iver Larson, with Undertaker Sletten in charge.

The young lady, while a resident of the North side, at 1453 George street, gained a host of friends, who are grieved to learn of her death. She had been in Chicago for some time when she became ill, but it was not thought to be of a serious nature at the time. As her condition grew steadily worse, Mrs. Helin was notified and went to Chicago immediately. The end came last Saturday night.

Your complexion as well as your temper is rendered miserable by a disordered liver. By taking Chamberlain's Stomach and Liver Tablets you can improve both.

SPECIAL COAST RATES TOMORROW

Tomorrow, May 20, is the day when the special rate of \$5.25 from this city to the coast will go into effect according to advices given out by the local ticket agents. The change was to be effective the 19th day of May, but the agents have received orders that the sale of special

rate tickets will not commence until tomorrow.

These tickets will be on sale until September 30, but will be honored until October 31. All stopover privileges are allowed and the various roads offer many routes of travel for the tourist with but little additional expense.

The Northern Pacific, Great Northern, Union Pacific and Soo Canadian Pacific will interchange, allowing the tourist to go over one road and return by way of the other, thus offering a variety of travel and scenery. On the Burlington the tourist may travel by way of Portland through San Francisco, Los Angeles or San Diego in one direction, the fare being reduced to \$74.20.

The special rates were inaugurated because of the heavy travel which will result because of the Yukon-Alaska exposition, which opens its gates to the public at Seattle June 1.

SPECIAL SERVICES ON NORTH SIDE

Special services will be held in the Catholic churches on the North side tomorrow, the occasion being Ascension day. Mass will be held in the St. James church at Caledonia and Windsor streets, at 7 and at 9 o'clock in the morning by Rev. Ambrose Murphy. At the St. John's church, corner St. James and Avon streets, Rev. Kaluza will hold mass at 6 and at 8 o'clock in the morning.

TRAMP HURT IN A FALL EXPIRES

Harry Sly, the young man who fell off of Milwaukee passenger train No. 15 near Cheney, while beating his way, last Monday morning, expired yesterday afternoon in the Columbus hospital at Portage. He had a compound fracture of the hip bone and a fracture to the spinal process of two of the dorsal vertebrae. The body was taken to the home of the deceased in Kilbourn.

INVITE SWITCHMEN TO CONVEVE HERE

When John Wilson left for the National Switchmen's convention last Monday he carried with him invitations from Mayor Sorensen and Secretary Utermoehl of the board of trade for the next biennial meeting of the switchmen to come to this city. The mayor's invitation was issued in behalf of the city, while Secretary Utermoehl's is for the board of trade and assures a hall and entertainment will be provided.

MISS MABEL A. DOEBLER.

This young lady received her education at the W. B. U. and we sent her to a position with the Listman Milling Co.

"Jacks of all trades and masters of none" are not in demand. They are not receiving the high salaries. Most of us have to earn a living. The education that helps you to do this, to have opportunities, wear better clothes, and start a bank account, is real education. This is what the W. B. U. does. Send for catalogue. Wisconsin Business University, La Crosse, Wis.

This convention would bring about 400 men to the city from all over the United States. Mr. Wilson is making a hard fight to bring the next convention here.

INFANT'S FUNERAL TODAY.

The funeral of the infant child of Mr. and Mrs. Orville Orton, 1608 Prospect street, was held at 2:00 o'clock this afternoon from the house, Undertaker Dwyer in charge and Rev. A. V. Ingham officiating. Interment was made in the Oak Grove cemetery.

JOHN M. WEBBER TO INSPECT ALL WEEDS

John M. Webber of 732 Berlin street yesterday received his official appointment as weed inspector for the coming season from Mayor Sorensen. The position carries with it a salary of \$50 per month, the appointment being in force from June 1 to October 1. Heretofore two inspectors were appointed but in order to reduce the expenses of the city as much as possible one man will be expected to cover both the north and the south side territory. The duty of the inspector is to notify people to remove weeds from their premises.

NORTH SIDE IN BRIEF

Miss Catherine Cashel, who has been visiting at the home of Mr. and Mrs. Edward Steensens, 815 Hagar street, left for Grafton, N. D., where she will visit her brother, Hon John L. Cashel and family, after which she will return to her home in Grafton, Okla.

Henry Lawson left this noon for Denver, Colo., where he will join his wife for an extended visit in the west.

The Young People's society of the Norwegian Bethel church will be entertained Friday evening by Miss Mary Halseth.

Engineer F. C. Lampman and Conductor T. Myers of the C. M. & St. Paul were called to Winona today as witnesses in a law suit.

There will be service in the Norwegian Bethel church, corner George and 5th streets, Thursday evening. Mr. George Baum, 1001 Rose street, left for North Dakota where he will look over his land interests.

The Ladies Ladies' Sewing circle of the German Lutheran church met Wednesday afternoon with Mrs. Peter Weiner, 1543 Kane street.

Mr. J. Malay has moved from Gould street to 1316 5th street.

There will be Ascension day services in the German Lutheran church Thursday evening at 8 o'clock.

Mr. T. McCoy of Osage, Iowa, was a business caller in the city Wednesday.

Mr. Erick Peterson of West Salem was a business caller in the city Tuesday.

ASSEMBLY VOTES TO PLAY OSTRICH

(Continued from Page 1.)

been served with subpoenas. Otherwise the vote for the resolution was made up of those who voted for the election of Isaac Stephenson while his nomination was a subject of inquiry by a joint committee of the assembly and senate. The roll call follows:

The Way They Voted.
For the resolution—Atwood, Biehler, Bray, Brew, Buslett, Cady, V. H. Chapelle, Chinneck, Crowell, Culbertson, Disch, Domachowski, Dornier, Egan, Erickson, Estabrook, Farrell, Georgi, Gross, Hambrecht, Hammill, Harraes, Hoyt, Ingalls, Jones, Kull, Ledvina, LeRoy, Marquardt, Neitzel, Nelson, Peterson, Phillips, Ramsey, Reader, Reynolds, Frank Smith, Simon Smith, Stack, Stevens, Thomas, Towers, Twesme, Wellensgaard, Whittet and Bancroft. Against the resolution—Ballard, Barnett, Berner, Bradford, Brockhausen, Comstock, Haight, Hughes, Hull, Ingram, Johnson, Kamper, Keupp, Keyes, Kindlin, Kneen, Lentz, Leuch, McConnell, Mortenson, Onstad, Roethe, Schwalbach, Stewart, Viebahn, Weber, Wells, Zimmerman. Paired—Kalahar, against, with Whittman for; Kimball against, Ku-basta for.

Debate Was Warm.

The debate which lasted almost two hours, was filled with pointed remarks and at various times two and three members were on the floor hurling questions at one another. Several times the speaker had to rap loudly for order. In defense of the resolution Assemblyman Cleary

PROGRAM OUT FOR BANKERS MEETING

La Crosse Bankers Go to
Joint Convention of
Groups in Winona
First of June

COMMITTEE COMPLETES PLAN

John M. Holley of this City
Will Talk on Legislation
and Banking Code on
Friday

The program committee for the annual meeting of the bankers of the First group of Minnesota and No. 7, of Wisconsin, which is to be held in Winona on Thursday and Friday, June 3 and 4, have completed their preliminary work and the program arranged will afford abundant work for the bankers who will gather there at that time.

Edward Lees of Winona will make the address of welcome which will be responded to by G. W. Dudley of West Salem.

The visitors will be royally entertained, extensive preparations having been made for the convention. The program is as follows:

Wisconsin seventh district group:

Officers.

President—W. F. Winsor, Mauston.

Vice president—H. F. Proctor, Vi-roqua.

Secretary-treasurer—John A. Bayer, La Crosse.

Executive committee—E. F. Clark, Galesville; F. J. Bohri, Fountain City.

Order of Business.

Address of the president.

Report of secretary and treasurer.

Report of executive committee.

Report of special committee.

Unfinished business.

Election of officers.

Adjournment.

Minnesota first district group:

Officers.

President—D. C. Armstrong, Al-bert Lea.

Vice president—F. M. Beach, Pyle.

Secretary-treasurer—George Pfeifferkorn, St. Charles.

Executive committee—J. G. Robertson, Rushford; C. M. Cooper, Dodge Center.

Order of Business.

Report of the president.

Report of secretary-treasurer.

Report of the committees.

Election of officers.

New business.

Unfinished business.

Joint Meetings.

10:30 o'clock—Joint meeting of both groups will again be held with an address by S. A. Rask, of Doon-ing Prairie, Minn.

Mr. Rask will also preside as the chairman for the discussion of "Real Estate Mortgages as an Investment for National Banks."

Friday Afternoon.

At 1:30 o'clock the bankers will assemble at Union hall, where separate meetings will be held for transaction of each group's business.

At 2 o'clock there will be a joint meeting of both groups. D. C. Armstrong of Albert Lea, Minn., presiding.

Address—Legislation and Banking Code—J. M. Holley, Sr., State bank, La Crosse.

Address—The Postal Savings Bank Situation—Lucius Teter, president Chicago Saving & Trust company, chairman postal savings bank committee American Bankers' association.

Round Table.

The joint program committee is made up as follows: Minnesota First District Group—O. M. Green, chairman; Geo. Pfeifferkorn, St. Charles; J. G. Robertson, Rushford. Wisconsin Seventh District Group—J. A. Bayer, La Crosse; E. F. Clark, Galesville.

Local entertainment committee—F. A. Lemme, Winona Deposit bank; E. E. Shepard, Second National bank; S. A. Steffen, Merchants bank; W. A. Mahl, First National bank.

said that members of the assembly were continually harassed with subpoenas and he thought that it was the duty of the assembly to protect its members from such annoyance.

Mr. Ingalls, who interrupted Mr. Ingram, suggested that the senate committee was abusing its power in subpoenaing assemblymen. Mr. Hambrecht made a loud speech along the same lines. Mr. LeRoy gesticulated vigorously to the same effect.

Something to Hide.

Mr. Ingram made a strong argument against the resolution and offered an amendment striking out portions of the resolution criticising the senate and charging the committee with playing politics. The resolutions were voted down on roll call. The pith of the debate can be summarized in the pin-pricks of Assemblyman Kalahar of Milwaukee, who wanted to know how a man with a clear conscience could be harassed with a subpoena, and of Assemblyman Brockhausen, who said that the proceedings would disclose to the people that certain members of the assembly had something to hide.

Dr. Barnett in explaining his vote to postpone the resolution indefinitely, said he might have been induced to vote for it as a matter of courtesy to his fellow members had

The FLESHMAKER

THIN MEN AND SCRAWNY MEN CAN GAIN A POUND OF
GOOD SOLID FLESH DAILY

Money Back in Any Case Where Samose Fails to
Increase the Weight

Weigh Yourself Before Using

Weigh yourself before commencing to use Samose, the great flesh forming food. The wonderful sale on this preparation since first introduced in La Crosse and the remarkable results following its use has made O. T. Erhart such an enthusiastic believer in the great value of Samose that he gives his personal guarantee to refund the money if Samose will not make thin people fat and restore strength and health to those who use it.

This is a strong guarantee, but O. T. Erhart has seen so many of his customers who a few weeks ago looked like walking skeletons become plump and well solely through the use of Samose that he feels he cannot say too much to induce people to try it.

This marvelous flesh-forming food is assimilated as soon as it is taken into the stomach, makes good rich blood, tones up the weakened system, helps to assimilate, and makes the user plump, well and rosy. Sent postpaid on receipt of price, 50 cents.

HOW TO GAIN HEALTHY FLESH

O. T. Erhart Advises Thin Folks to Use Samose

While thinness may not be a disease, yet it is in reality a condition that needs attention. Under the nourishing power of Samose, healthy, natural flesh will soon be attained.

This remarkable flesh-forming food strengthens the system generally and builds up the fleshy tissues so that good, natural plumpness results.

An ounce of flesh is better than a pound of theory. Erhart's drug store believes that the best possible demonstration of the flesh-forming powers of Samose is to have it tried by their customers, and to induce them to use it they offer to pay for the Samose in case it does not give satisfaction. No stronger proof than this can be given of their faith in it. They have seen hundreds who were weak, thin and scrawny, become plump, robust and strong, solely through the use of Samose. Ten days' treatment, 50c.

Thin Folks Made Fat

Good, healthy flesh can only be gained by the use of the proper food, together with natural action of the organs of assimilation. Nine people out of ten in order to weigh as much as they ought and be perfectly healthy, should use Samose, the great flesh-forming food and health restorer. Weigh yourself before commencing to use these little tablets and see how your weight increases from week to week. Large box for 50c.

Samose does not contain a particle of starch or pepsin, nor is it a cod liver oil preparation, such as is usually recommended to make people fat, and which does not build up good healthy tissues. Samose has valuable flesh-forming properties, tones up and strengthens the whole system, helps the food that is eaten to be assimilated in a natural manner and absolutely restores health to all the organs.

If you are not perfectly satisfied with the results from Samose O. T. Erhart will return your money with out any question.

Sent postpaid on receipt of price, 50 cents.

SOCIETY

MAY DAY PARTY.

The Misses Helen and Anne Edwards entertained at a May day party last Saturday afternoon in honor of the birthday of their niece, Eleanor Edwards, at their home on Cass street. As the day was cold and rainy, and unsuitable for out of door sports the little folks were entertained in the attic which was fitted up to resemble a play ground, with swings, teeters, skipping ropes and bean bags. Supper was served from one large table and several smaller ones, the guests finding their places by flowers which corresponded to those upon the tables. Miss Gertrude Harrison drew the prize in the bean bag contest, which consisted of a beautiful May basket. The guests were Gretchen and Caroline Schwab, Charlotte and Julia Colman, Ruth, Marie and Anna Esch, Harriet Scofield, Ruth Dickson, Lillian Robbins, Ellen Hankerson, Mildred Anderson, Florence Schweizer, Mary Farnam, Mary Drummond, Kath-

MORE TRAINS AND FASTER TIME PLAN

Burlington Will Put Up a Strong Bid for the Seattle Fair Business

Perhaps the most radical changes in the way of improvement ever made in the train service of any railroad at one time are those which will take place on the Burlington route May 23, when that company will put on four new trains and will improve the service and quicken the time of several existing trains.

Perhaps the most important of the new trains are the two which will run through solid from Chicago to Seattle, via St. Paul. They will both be completely electric lighted, and the Oriental limited will run over the Great Northern west of St. Paul, leaving Chicago in the evening, and making the trip in 72 hours; it will carry observation-library cars, standard and tourist sleepers, coaches, dining cars, etc. The other through train via St. Paul will run over the Northern Pacific road, leaving Chicago in the morning, and will be known as the Northern Pacific express, and will carry similar equipment.

It is worthy of note that this is the first time that trains have been run regularly over any railroad all the way through solid from Chicago to the Puget Sound region.

In addition, a third train to Seattle will be installed, which will start at St. Louis, Kansas City, Omaha and Denver and run through solid to Seattle over the Burlington route to Billings, Mont., thence over the new completed line of the Great Northern through Great Falls and Spokane—one of the most interesting and picturesque routes through the northwest.

In addition to these three new trains to Seattle, the present through train running from St. Louis, Kansas City, Omaha and Denver via Billings and the Northern Pacific, will be made a solid electric lighted train.

With these changes, the people of all the important cities of the middle west will have through trains to Puget Sound twice a day, a very important public convenience in view of the Alaska-Yukon-Pacific Exposition to be held this year in the city of Seattle.

Another new train is the Colorado Limited, which will be installed between Chicago and Denver leaving Chicago at 9:45 in the morning and arriving at Denver at 4:15 the following afternoon. This is also a completely electric lighted limited train with the usual modern equipment—observation car, standard sleeper, dinner, etc.

The time of the Burlington's crack train, the Famous Denver Limited No. 1, will be changed so that after May 23 it will leave Chicago at 4:30 p. m., arrive Denver 9 p. m. the following night. This train has the unusual record of having arrived on time in Denver during the calendar year 1908 355 times—only late ten times during the year.

Another important feature is the fact that the St. Louis-Colorado Limited leaving St. Louis at 2:15 p. m. will be a solid electric lighted train with observation car, etc., and will arrive at Denver at 4:15 p. m. instead of 6:20 as heretofore.

The western roads are this year looking for a very heavy travel to the Pacific Coast an account of the Alaska-Yukon-Pacific exposition to be held at Seattle; a greatly increased regular travel is also looked for to the Yellowstone Park and Colorado, and with all these improvements in train service on the Burlington, that road should come in for a large share of the new business.

FAST BALL IN NEW LEAGUE

The remarkable closeness of the games played in the Minnesota-Wisconsin league yesterday caused considerable comment in baseball circles this morning. The game at Eau Claire which went 16 innings was a fiercely contested affair and showed that the teams were playing in remarkable form for so early in the season.

Umpire Dolan, who officiated at the game here yesterday, went to Winona where he assisted Umpire Roberge in the game there this afternoon.

The batteries for this afternoon's game are: Wilford and Schaffer for La Crosse and Dunbar and Johnson for Wausau. Umpire Magee will handle the indicator.

COM. TO INSPECT W. CHANNEL BRIDGE

The committee on bridges of the common council will make an inspection tour of the bridges between here and La Crosse tomorrow afternoon and a meeting will be held in the evening to ascertain just what improvements will be needed. The plans for the new span on the West channel bridge will probably be figured on at the time the other repairs are estimated. The new bridge will cost in the neighborhood of \$15,000 and will probably be constructed next winter.

WOODMEN LODGES MERGE LAST NIGHT

At a meeting of the local camps of the Modern Woodmen of America held last evening it was decided to consolidate Northcott Camp No. 9695 with Gateway City Camp No. 260. This will increase the membership of the new camp to about 1,100 members. The charter of the Northcott camp will be surrendered to the head office of the lodge.

BICYCLES STOLEN; POLICE ARE BUSY

Chas. W. Pavlek and Lawrence Nelson Suffer Losses of Wheels Left Standing

There may not be a professional bicycle thief at work in the city, but there are at least two owners, Chas. W. Pavlek and Lawrence Nelson, who have been victimized by bicycle thieves. Mr. Pavlek's wheel has been missing for two days, and he has reported the matter to the police. Last night Lawrence Nelson left his wheel beside the house at Eighth and Cass streets, and when he returned for it a couple of hours later it was gone. He has notified the police.

Chief Webber said today these two thefts were the only ones reported this week. The officers of central station are searching for the wheels, both of which have private marks by which they can be easily identified.

COUNCIL TO MEET ON PARK OPTIONS

A special meeting of the council may be called to sanction the options on the lands which the park commission has secured for park purposes. A meeting of the finance committee will be held the latter part of the week when the question of purchasing the Powell property, corner of West avenue and Jackson street, the Michel property, corner of Fifth and Hood streets, and the Hirschheimer property along the Black River adjoining the Copeland donation, will be considered. The park commission has the power to secure options on park sites but cannot purchase them without the sanction of the council.

SUES CAR CO. FOR INJURY TO FATHER

George G. Barber of Minneapolis, formerly of this county, father of W. E. Barber of this city and Charles Barber of Onalaska, was injured at Minneapolis recently by being struck by a street car of the Twin City Rapid Transit company. Mr. Barber is 82 years of age and it is alleged that his injuries are of a serious nature. Action will be commenced against the railway company for \$800 damage by his son Charles Barber of Onalaska who will protect his father's interests in the case.

REPUBLICANS HAVE CANDIDATE IN 12TH

Republicans in the Twelfth ward have practically agreed on Michael C. Webber, 319 Pine street, as their candidate for alderman to succeed the late Cyrus S. Snyder, deceased. Mr. Webber is a wagon maker, employed at the Smith Manufacturing company and is well known. He has not as yet consented to be the candidate, but the workers in the ward expect to see him some time this afternoon. There are as yet no republican candidates who have announced themselves.

"SYTTENDE MAI" IS CELEBRATED

MINNEAPOLIS, Minn., May 19.—Norway's national holiday, "Syttende Mai," was widely celebrated in Minneapolis, possibly more widely and generally than in many years. There were at least ten public festivals in as many places, and each was well attended, indicating that the sons and daughters of Norway still are plentiful in Minneapolis.
St. Paul Norwegians held a union observance and overflowed Mozart hall.

The trouble about hitching your wagon to a star is that you have to get up before the sun rises.

THE WEDDING GIFT SEASON

is at hand. If you would have your gift notable and unduplicated, you can insure both by selecting here. Sterling Silver suggestions in our heavy flatware patterns:

6 Teaspoons in silk case	\$3.75
6 Dessert Spoons in silk case	\$7.50
6 Forks in silk case	\$7.50
6 Bouillon Spoons in silk case	\$5.25
1 Cold Meat Fork in silk case	\$3.50
1 Berry Spoon in silk case	\$4.00
1 Pie Server in silk case	\$2.75
1 Salad Fork in silk case	\$2.00

Souvenir, Birthday and Graduation Spoons of all kinds from 95c to \$1.15. The same high standard of quality is maintained in our small gifts, as in our large pieces of Sterling Silver, so that even the smallest article purchased of us is sure to prove satisfactory.

EVANGELIST COMES FROM ROCKFORD

(Continued from page 1.)
an enemy—looking for trouble, as it were.

"When the enemy approaches, the fight is on. True to his colors is our little sailor, for when the conflict is over, we find him gone, too, with the microbes in his arms. It is sure death to every man who vanquishes a foe.

"Let me give you an illustration that will show you more clearly just how this great navy acts. Suppose the intruder is on the outside of the body instead of the inside. Let it be a sliver in the finger. Now we will follow our little friends and see just how they work to get rid of the dangerous enemy.

Ant Hill Illustration.

"Did you ever step on an ant-hill and then watch the ants all hurrying to the spot to repair the damages? Well, that is just what happens in the case of this sliver. You know it is left in the finger it festers, or pus gathers around it, and if not too far in, it would be pushed out together with this white matter.

"The circulation in the finger was stopped by the wood, just as the work in the ant-hill was stopped by your foot. So, just as the ants rushed in to repair the damage, so also do our friends, the white corpuscles, rush to the scene of conflict.

The blood already in the finger where the sliver went in cannot get back quickly on account of the sliver stopping up the passage way, and we have what is called congestion, or an extra amount of blood in one place. Then, of course, the skin has to stretch to hold the blood in, and we have a swelling.

"That break in the skin lets in germs that might do a lot of damage if it were not for our navy. These brave little sailors, always looking for trouble, start an immediate scrimmage. That is why the finger gets hot and feverish.

"The festering, or pus, tells the awful story of the conflict that ensues, for it is composed of the dead bodies of our friends and our foes, together with the bricks and stones that were torn down by the sliver. For these little warriors never quit fighting until victory is written on their banners.

"If the injury is very great, they may keep fighting for weeks or for months, but they never stop until the body is well or dies.

"That is all that sickness is, the name of the great battle between our navy and our foes.

"I want to suggest another thought to you here, and that is, that these little friends, our sailor men, or the cells, our builders, are but the instrument or expression of spiritual friends of the highest intelligence and tenderest feelings. When we understand this, that every organ of our body, even to these smallest cells—the white corpuscles—only represent a spiritual organ or cell, then will we not cease to cause them undue sorrow or pain?

"So noble and grand are these cells in our body in doing our work for us, that if treated kindly and intelligently they will return to us, for our consideration of them that which the whole work is seeking and want money cannot buy—happiness."

Details Tomorrow

Details of the initial lecture of Prof. Flynn have not yet been arranged, but it is expected it will be in one of the downtown auditoriums which will accommodate the monster crowd which is expected to turn out in order to miss none of the lessons on health which will be taught during the stay of the specialist in this city. Details of his engagement here will be announced later.

REV. CONDON WILL BE ORATOR OF DAY

Col. Benj. F. Bryant, chairman of the joint committee of arrangements for the Grand Army and Spanish Veterans' observance of Memorial Day, May 31, announces today that Rev. Father Robt. B. Condon, pastor of the St. Mary's Catholic church, would be the orator of the day.

David said that all men were liars and he might have added that some men work at it overtime.

AWFUL RASH ALL OVER BOY'S BODY

Weeping Eczema Kept Spreading on Little Sufferer—A Score of Treatments Prove Dismal Failures—Grateful Father Tells of

CURE ACHIEVED BY CUTICURA REMEDIES

"It gives me great pleasure to express my deep gratitude in appreciation of the innumerable benefit that the Cuticura Soap, Ointment and Resolvent did my little boy. He had an awful rash all over his body and the doctor said it was eczema. It was terrible and used to water so freely. Any place the water went it would form another sore and it would become crusty. A score of more physicians failed utterly and dismally in their efforts to remove the trouble. Then I was told to use the Cuticura Remedies. I got a cake of Cuticura Soap, a box of Cuticura Ointment and a bottle of Cuticura Resolvent, and before we had used half the Resolvent I could see a change in him. In about two months he was entirely well. When people see him now they ask, 'What did you do to cure your baby?' and all we can say is, 'It was the Cuticura Remedies.' So in us Cuticura will always have firm and warm friends. George F. Lambert, 139 West Centre St., Mahanoy City, Pa., September 26 and November 4, 1907."

MILLIONS OF PEOPLE Rely on Cuticura Remedies.

Millions of the world's best people use Cuticura Soap and Cuticura Ointment, assisted, when necessary, by Cuticura Resolvent (liquid or pills) for preserving, purifying and beautifying the skin, for eczemas, irritations and inflammations, for cleansing the scalp of cruds, scales and dandruff, and the stopping of falling hair, for baby rashes, itching and chaffings, and many sanative, antiseptic purposes which readily suggest themselves to women, as well as for all the purposes of the toilet, bath and nursery. Guaranteed absolutely pure. Cuticura Soap (25c.), Ointment (50c.), Resolvent (50c.), and Chocolate-Coated Pills (25c.), are sold throughout the world. Potter Drug & Chem. Corp., Sole Mfrs., 137 Columbus Ave., Boston. *Mailed Free, Cuticura Book on Skin Diseases.

DEATH IN STRIKE RIOT

TOLEDO, Ohio, May 19.—In a clash between union seamen and a non-union crew over the unloading of the steamer Dan R. Hanna, at the Cincinnati, Hamilton and Dayton docks this afternoon, Frank Hoffman, a union man, was fatally shot in the forehead and Mike Eaton, a spectator, received a bullet in his arm.

MR. TAFT TALKS OF PEACE TO WARRIORS

President Delivers Address at Dedication of Monument to the Heroes of Petersburg Struggle

ALL NOTABLES GATHER THERE

On Spot Where Famous Mine was Exploded Executive Tells of Good That Resulted

PETERSBURG, Va., May 19.—President Taft, the governors of great states, an ambassador from one of the European powers, generals, captains and many other distinguished men from military and civil life, gathered here today to dedicate the \$50,000 monument Pennsylvania has erected to the memory of her heroes who took part in some of the bloodiest battles of the civil war. Not since Burnside's men touched the fuse to the 8,000 pounds of gunpowder, that blew up Elliott's division and made a grim crater out of the grassy knoll, has there been such a noise around Petersburg. The president's car Olympia reached Petersburg shortly after 9 o'clock attached to the train that brought governor Stewart and 1,000 Pennsylvania veterans and their friends. No stop was made in the town, the distinguished guests being immediately escorted to Fort Steadman where the veterans of the Keystone state had erected a tablet to the third division of the Ninth army corps. This tablet stands on the spot where Gen. John F. Hart's regiment captured the works from Gen. John B. Gordon.

The president's address dwelt upon the lessons taught by the conflict of 45 years ago and ended with a plea for a better understanding between the north and south. At the conclusion of the address Gov. Stewart, of Pennsylvania, turned the statue over to the state of Virginia, and Gov. Swanson made a speech of acceptance.

Following the ceremonies at the monument, the president and his party returned to Petersburg. A lawn fete and reception are scheduled for this afternoon. Ambassador Jusserand and Admiral Sigsbee and other distinguished visitors will speak tonight and at 10:20 p. m. the presidential party will leave for Charlottesville, N. C., where the president will attend a celebration of the anniversary of the signing of the Mecklenburg declaration of independence.

Peace Is Cemented. "It is forty-four years since the battle of Fort Steadman," said President Taft. "In the time which has passed, the bitterness of the struggle has passed away and we now treasure as a common heritage of the country the bravery and valor of both sides. A memorial which marks the steadfastness, courage and soldierly qualities of the forces engaged in defense of the union, finds its true significance and meaning in the corresponding bravery of those with whom the battle was fought. "That we can come here today and in the presence of thousands of survivors of the gallant army of northern Virginia and of their descendants, establish such an enduring feeling by their hospitable welcome and acclaim is positive proof of the uniting of the sections and a universal confession that all that was done was well done; that the battle had to be fought; that the sections had to be tried; but that in the end, the result has insured to the common benefit of all."

LA CROSSE BOY TO GRADUATE THURSDAY

Ferdinand Dollert, son of G. F. Dollert, superintendent of the Advance Bedding company, is home for a week from Milwaukee, where he has finished his studies in the Wisconsin college of Physicians and Surgeons. Dr. Dollert today received notice of his final success in examinations and next Thursday will receive his diploma at the annual graduation at the college as a regularly equipped physician for the practice of medicine.

Dr. Dollert has already been engaged in the Milwaukee Maternity hospital as house physician, and after a week's vacation with his parents here expects to return to his professional duties in the Cream city.

MILWAUKEE COPS SAY IT IS MURDER

MILWAUKEE, Wis., May 19.—The body of an unknown man was found horribly mangled on the railroad track in the city this morning, and it is believed by the police that he had been robbed and his body thrown on the tracks to conceal the crime. The man wore first class ready-made clothing and there was not a cent in his pockets. A watch apparently had been torn off, for there was a bit of chain remaining attached to a vest button. This fact alone inclined the police to believe that the man was not a suicide.

TO KILL MORE CHRISTIANS.

ROME, May 19.—The pope today received telegrams from the Catholic bishops in Albania that another massacre of Christians in that part of Turkey is imminent. The bishops implore the pope to send help immediately.

BOXING BILL MAY BECOME THE LAW

Brew Bill Allows Mills But Restrictions Put Manly Sport Into the Ping Pong Class

MADISON, Wis., May 19.—(Special.)—A strong indication that the assembly will pass a bill legalizing boxing in this state was shown yesterday, when the house sent the Brew bill to engrossment. The bill will come up for passage the latter part of the week. The bill is attracting wide attention in all parts of the state because of the restrictions thrown around the exhibitions.

Boxing contests by male persons not under eighteen years of age for a period of not over thirty minutes duration shall be permitted in cities of the first second and third classes when conducted under the auspices of regularly organized athletic clubs, according to the provisions of the bill. Padded gloves of not less than five ounces each in weight shall be worn and no belt, stake or prize shall be contingent upon the winning of the contest.

Councils Have Power. The common councils of any of these three classes of cities are empowered to grant licenses in any one month for an exhibition upon a payment of a fee of \$25. The contest must be held on the day to be named in the license and not later than sixty days after the issuance of the license. In order to obtain a license the athletic club must be incorporated under the laws of the state and when a license is issued a bond of \$1,400 with at least two sureties approved by the common council must be furnished that the club will conduct the contest according to the ordinance of the city in which it is to be held and the laws of the state. An action may be brought upon the bond for a violation of the conditions of the license.

No intoxicating liquors may be sold upon the premises an hour before, during the contest or an hour after. No betting or wagering shall be allowed on the premises where any contests are to be held. Exhibitions cannot be held on any Sundays, May 30, Dec. 25 or on any day appointed by the president of the United States as a day of thanksgiving.

Must be Healthy. The contestants must furnish to the club a physician's certificate of good health and physical condition. A reputable practicing physician must always be present at the contest, who "shall have authority to stop a stop to the further continuance of any contest whenever he may deem it advisable because of the physical condition of any contestant." Assemblyman Bray of Oshkosh argues that a boxing contest under such safeguards is less harmful than football and more entertaining than baseball.

SON OF REV. SHUTE PITCHED FROM WHEEL

Olin Shute, the 14 year old son of Rev. A. Lincoln Shute, was seriously injured yesterday afternoon by a fall from his bicycle at the corner of Fourth and Main streets. Together with a companion, Theodore Johnson, the lad was riding west on Main street, when he was violently thrown to the pavement from his wheel by colliding with a carriage. He was rendered unconscious and sustained a severe bruise on his forehead. Bystanders carried him into the Hebbard drug store, where Mrs. John C. Murphy, who knew the boy, with the aid of a physician brought him to consciousness and notified his father, who took him home in a carriage. The boy said that he turned in his saddle to look for his companion, and remembers nothing further until he was revived by the physician in the drug store. He was able to be on his feet again for a while today, and will probably suffer no serious result from the accident.

SCHUBERTS GET STARS.

NEW YORK, May 19.—Raymond Hitchcock, Frank Daniels and Mrs. Leslie Carter are the latest stars to sign with the Schuberts, who are fighting the theatrical trust, according to a well founded report that reached Broadway today.

Cloisone Enamel Jewelry.

Received another large shipment of the beautiful Cloisone Enamel Sterling Silver Jewelry including, belt pins, hat pins, brooch pins, links, scarf pins, veil pins and handy pins.

Parker JEWELRY 310 MAIN ST. LA CROSSE, WIS.

100 Years Hence

No More Drudgery—Just Live To Enjoy Yourselves.

Ella Wheeler Wilcox believes in a hundred years all drudgery will be done by machinery. We will fly through the air on the wings of the wind and have time to see and enjoy all the wonders of the world and perhaps of the heavens which are now sealed books to the majority because of the eternal grind of everyday life.

Look back 100 years and the changes made seem just as great. What we wear, how we traveled, how we communicated, what we eat, sensible clothes, vehicles, speedy and comfortable, wireless telegraphs, telephones, fast trains and mail steamers, and healthful foods.

Today instead of loading our stomachs with heavy, greasy breakfasts, that dull the brain and retard our morning's work, we eat delicious E-C Corn Flakes or Egg-O-See Wheat Flakes, made by the famous Egg-O-See process that insures perfect digestion, high nutrition and greater strength.

Always ready to serve, good for babies, best for invalids—the sensible breakfast for the business man or the busy, energetic housewife. Remember it's the Egg-O-See process that makes the flakes so crisp and delicious.

MAN KILLED FOR BREAKING WINDOW

STAMBAUGH, Mich., May 19.—Joe Zasonski, while intoxicated, lurched against a window in the house occupied by Steve J. Jowilinski, a boardingmaster. The latter rushed out with a club and struck Zasonski over the head, the blow resulting in his death. A charge of murder will be preferred.

BURNS SELF ON PYRE.

CEDAR RAPIDS, Iowa, May 19.—A victim of ill health for many years, Miss Mary Sadler, near Toledo, chose a sensational method of suicide. Making an excuse that she was going to the home of her brother Miss Sadler went to a small ravine where she raked together a pile of leaves, saturated them and herself with three quarts of kerosene and applied a match. When found her body was burned to a crisp.

HIGH HONOR PAID VAN CLEAVE TODAY

NEW YORK, May 19.—John Kirby, Jr., president of the Dayton Manufacturing company, was reported today by the nomination committee of the National Manufacturers' association as its unanimous choice for president. In presenting his name, David Parry of Indianapolis, paid a remarkable tribute to Retiring President James V. Van Cleave, and at the close of his address, Parry invited the retiring president to the speaker's table and presented him with a bronze tablet, a check for \$10,000 and a ruby stick pin, tokens of esteem from the members at large of the National association.

The tablet bore the following inscription: "Well done, good and faithful servant. As a grateful country honors her heroic defenders, so do we honor you today. This, a tribute to your constant devotion, high purpose and unflinching endeavor in the cause of the association."

ENGLISH SCARED ABOUT GERMANY

LONDON, May 19.—Serious-minded—even phlegmatic Englishmen—are today actually scared by the persistent rumors that Germany is planning some startling war coup against the United Kingdom.

Following Sir John Barlow's statement that sixty-six thousand German soldiers are now employed in England as waiters, etc., awaiting the psychological moment to come together and strike a fearful blow, another scare came today in newspaper accounts that German airships have been seen hovering over the British islands, even crossing and recrossing the straits.

The lords have voted to investigate the condition of the reserve army immediately. The government today also began an investigation of the charge made by Sir John Barlow that Germany has established a secret, underground arsenal in the heart of London, in which vast military stores are hidden.

BELL TRUST WINS

CLEVELAND, Ohio, May 19.—Judge R. W. Taylor of the United States court, has refused to issue a temporary injunction sought by the United States Telephone company against the Central Union Telephone company and the Union Telephone and Telegraph company to restrain the defendants in their alleged action in inducing various independent companies to violate their 99 year contract with the United States company for long distance connection. The petition was based on the charge that the Bell concerns were operating a trust in restraint of trade.

The visitor looked around. "Who is he?" he asked. "That's Jim Pettigrew. He ain't done a stroke o' work for sixteen years. Just sits around 'an' tells stories." "What's the matter with him?" "Nothin'. Only some feller back in '93 told him he looked like Lincoln."—Cleveland Plain Dealer.

CLAY MAKES MOST POWERFUL SPEECH ON TARIFF MATTER

(Continued from page 1.)

ly 50 per cent on expensive feathers and trimmed hats?

I have figures and facts before me which clearly show that the American Sugar Refining company, commonly called the sugar trust, has repeatedly sold considerable quantities of sugar for export at nearly 2 cents per pound less than the price quoted in the domestic market. If the American Sugar Refining company, commonly called the trust, can export and sell sugar at 3 cents per pound abroad and this trust sells the same sugar in America at nearly 5 cents per pound, who can wonder that the sugar trust has doubled, and even quadrupled its investment yearly?

For Criminals, or the People? "Shall we continue to legislate in the interest of criminals and against the interest of the American people? If this sugar schedule shall be enacted into law in the interest of these confessed criminals, who have openly combined and confederated to destroy all competition, and who have wronged the American people more than fifty millions per year in profits and who have robbed the government of at least ten millions of its revenue justly due the government, then what hope has the American people?

"The operations of the sugar trust with the government and the indictments now pending against the employees of the trust, demonstrate beyond question that those in control of this combine are criminals and have been criminals since its organization. The defense that the officials have not been connected with this underweighting and smuggling against the government is not worthy of the consideration of any intelligent man. These employees drawing small salaries, working for wages, were directed by those high in authority. The officers of the sugar trust were not even willing to make a reasonable divide with the employees who committed these crimes, giving them each \$5 per week for stealing, while such thefts brought to them and their associates on an average of more than two hundred thousand per month.

"If we are to continue to legislate millions of profits into the pockets of this class of men at the expense of the American people, then let us adopt the sugar schedule provided by the finance committee of the senate."

The Extent of the Graft. The senator declared that the consumption of sugar in the United States in 1908 was 3,185,789 tons; about 81 pounds per capita. Nearly two-thirds came from foreign countries.

The sugar trust controls nearly all the refineries in the United States," he continued, "and controls the entire market in this country. The beet and cane sugar growers are compelled to take the price fixed by the sugar trust. The total duties on sugar paid by the American people in 1907 was \$54,310,082.

"The average market value of sugar last year was: In Hamburg, 2.64; London, 3.22, and in New York 4.96. Our sugar consumption, at the Hamburg price, would have been, last year, by 136,080,000. Of this vast amount, the government received \$53,000,000 in customs revenues and the balance of \$83,080,000, went to the sugar trust.

During the last 12 years the American people have paid to the government sugar taxes aggregating \$600,000,000. In the same time they have paid to the sugar trust profits to the amount of \$600,000,000. If raw and refined sugar were admitted free to this country, the cost to the consumer would be reduced nearly one-half.

Had for the Asking. "The senate finance committee has granted the trust all the favors desired without a hearing and so has the ways and means committee of the house. We were called in special session to make a substantial revision of the tariff and here is one item that costs the American people nearly \$200,000,000 a year and there has not been given to this item the slightest attention.

"Such a revision of the tariff is a sham and a humbug." "The senate finance committee has granted the trust all the favors desired without a hearing and so has the ways and means committee of the house. We were called in special session to make a substantial revision of the tariff and here is one item that costs the American people nearly \$200,000,000 a year and there has not been given to this item the slightest attention.

Attacks Aldrich. "The senator admits that we are spending \$50,000,000 each year more than we ought to expend to administer this government. I challenge the senator to point out during the last twelve years a single instance where he has made any effort to reduce our expenditures. The senator is the leader of the republican party. The country believes he molds and shapes its policy. Why, during this last session of congress, when an effort was made to increase the salary of the president to \$100,000 per year and to almost double the salaries of the federal judges, the senator from Rhode Island exerted every influence possible to secure its increase. When an effort was made by the senator from Maine (M. Hale) to cut down the expenses

Kill Off Cockroaches

Easy Way to Get Rid of These Repulsive Bugs.

Nearly every home has the cockroach, and unless exterminated he increases at a rapid rate. At the first sign of a roach, put Stearns' Electric Paste in the sinks and on the shelves at night, and in the morning you can sweep up a handful of dead cockroaches.

Stearns' Electric Paste is also guaranteed to kill off rats, mice or other vermin, driving them out of the house to die.

Stearns' Electric Paste is sold everywhere, or sent express prepaid on receipt of price. 3 oz. box 25c. 16 oz. box \$1.00. Stearns' Electric Paste Co., Chicago, Ill.

S.S.S.

OLDEST AND BEST BLOOD PURIFIER

We have never claimed that S. S. S. was a medicine to work wonders, nor one that would cure every physical ailment or disorder. More than forty years ago it was placed on the market and recommended as a blood purifier, and today, after a long and successful career, and when its use has become almost universal, only the same honest claim is made for it—that it is a cure for those diseases and disorders arising from an impure or polluted blood. Time makes no mistakes, and the very best recommendation of S. S. S. is the fact that it has stood a long test and is now more generally used, and has the confidence of a greater number of people than any other blood medicine.

The blood is the most vital force of life; every organ, nerve, muscle, tissue and sinew of the body is dependent on it for nourishment and strength, and as it circulates through the system, pure and rich, it furnishes to these different members the healthful properties needed to preserve them and enable them to perform their various duties. So long as the blood remains free from infection we are apt to escape disease, but any impurity, humor or poison acts injuriously on the system and affects the general health.

Pustular eruptions, pimples, rashes, and the various skin affections, show that the blood is in a feverish condition as a result of some humor, or the presence of an irritating, fiery acid. Rheumatism comes from an excess of uric acid in the circulation, while Catarrh, Sores and Ulcers, Scrofula and Contagious Blood Poison, are all deep-seated blood disorders that will continue to grow worse as long as the cause remains. Bad blood may come from various causes, such as a sluggish condition of the system, imperfect bowel and kidney action, indigestion, etc., or the trouble may be inherited; but whatever the cause the blood must be purified before the body can be healthy.

S. S. S. is a natural blood purifier and tonic. It is made entirely of the harmless juices and extracts of roots, herbs and barks of recognized curative ability, and being free from all harmful minerals is an absolutely safe medicine for young or old. S. S. S. goes down into the circulation and removes any and every trace of impurity, humor or poison. It freshens and enriches the blood and cures promptly and permanently Rheumatism, Catarrh, Sores and Ulcers, Scrofula, Skin Diseases, Contagious Blood Poison, and all other blood disorders. S. S. S. is the most reliable and at the same time a most pleasant acting medicine for those whose blood has become weak and who are suffering with Anaemia, Malaria or some other debilitating sickness.

A blood purifier is especially needed in the Spring to cleanse the circulation of the impurities which have accumulated during the shut-in life of Winter, and S. S. S. is the most reliable and certain of good results. Book on the blood and medical advice free. S. S. S. is for sale at all drug stores. THE SWIFT SPECIFIC CO., ATLANTA, GA.

DERMA VIVA Whitens The Skin At Once

Is used in place of powder—has same effect but does not show. Cures Eruption, Freckles, Moth or Liver Spots. Brown arms or neck made whiter at once. Price 50c.

DERMA VIVA COLD CREAM, 35c. ERHART'S DRUG STORE.

of the navy, the record will show that the senator from Rhode Island was the first senator to vote against the proposition.

"When did the senator become clamorous for economy and reform? Ah, Mr. President, when he saw that the income tax in all probability would become a law, he became alarmed and endeavored to show the country that we could produce enough revenue and reduce the tariff downward to support the country without an income tax. And he was exceedingly anxious when the tariff tax confronted him to cut down the expenses of the government to avoid the adoption of an income tax to save the millionaires of the nation from assisting in paying the legitimate expenses of the government."

Why an Extra Session? "The senator has not been consistent. He has never stood for economical, plain, simple government. The senator has never had any political associations with ideas of this character. He represents what is called in his party the 'stalwarts.' If he had his way he would not change our tariff laws. He is satisfied with the Dingley law.

"This tariff bill, if enacted into law in its present shape, will give no substantial relief to the American people. The question may well be asked: Why was congress called in extra session and the American people put to the extra expense of an extra session of congress if we simply intend to re-enact the Dingley law?"

DOWN ON THE FARM. BAYOU SARA, La., May 19.—The officers and crew of the battleship Mississippi are spending today "down on the farm." The Mississippi leaves tomorrow morning for Natchez.

Knight's Dry Shampoo

never leaves the hair so that you "can't do a thing with it." It is used dry, causes no colds and is merely rubbed into the scalp—removing all foreign substances. Beyond the fact that after using it, your head is absolutely clean, free from dandruff and the hair soft and glossy, you would never know that you had had a shampoo.

Price 25c a box. If your druggist cannot supply you, write to Jane M. Knight, Racine, Wis., for a free sample and full particulars.

NOTICE OF APPLICATION TO COUNTY COURT

State of Wisconsin, County Court, La Crosse County, ss.: In Probate. Notice is hereby given that at a special term of the County Court, to be held in and for said County, at the Court House, in the City of La Crosse, in said County, on the second Tuesday, being the eighth day of June, A. D. 1909, at ten o'clock a. m., the following matter will be heard and considered:

The application of Delia Olsen, administratrix of the estate of John W. Olsen, late of the city of La Crosse, in said county of La Crosse, deceased, for the adjustment, settlement and allowance of her final account as such administratrix and for the assignment of the residue of the estate of said deceased to such persons as are entitled to the same.

By order of the Court,
JOHN BRINDLEY,
County Judge.

MORRIS & HARTWELL, Attorneys for Estate.

LEGAL NOTICE

La Crosse County, City of La Crosse, ss.:
To New York Fish Company, a corporation:

You are hereby notified that a warrant of attachment has been issued against you and your property attached to satisfy the demand of M. Erlich, amounting to sixty and 79-100 dollars. Now unless you shall appear before L. Kleeber, a Justice of the peace in and for said county, at his office in said city, on the 16th day of June, A. D. 1909, at 2 o'clock in the afternoon, judgment will be rendered against you and your property sold to pay the debt.

Dated this 17th day of May, A. D. 1909.

M. ERLICH,
Plaintiff.

W. A. POWELL,
Plaintiff's Attorney.

JUNIOR PROMENADE PROVES A SUCCESS

TOMAH, Wis., May 19.—(Special) The Junior Promenade to the seniors took place last Friday night, May 14. The main hall was prettily decorated in gold and white, the high school colors, and the dining hall in red, white and green, the senior and junior colors. The seniors each received an American Beauty rose, and the juniors white roses.

Music was furnished by the Boyce orchestra.

Some of the lower classmen tried to abduct Winnie Hall and Kenneth Daniels, the junior president and vice president, on their way to the hall, but they did not succeed. The lower classmen later broke in at one of the kitchen windows and made away with their pick of the cakes and all of the ice cream. More cream was at once secured and the prom was pronounced a success from start to finish.

High School Lawn Improved.

Shrubbery is now being put in on the high school lawn according to the plans given by Mrs. McCrear. When this is done Tomah will have one of the most beautiful high school lawns in the state.

The library lot has been completely filled in, and soon grass will be planted and shrubbery put in.

Tomah Briefs.

Mr. L. Rowlands and Mr. Lightner returned yesterday from a five weeks' trip to California.

Mr. and Mrs. James Freeman returned Tuesday from Biloxi, Miss., where they spent the winter.

Mr. and Mrs. Holman of Minneapolis are visiting in Tomah this week.

Theodore, the youngest son of Mr. Joseph Grossman, broke his arm on Sunday.

Miss Madge Nuzum of Viroqua, who has been visiting friends and relatives here, went home.

Mr. Peter Gusch, former proprietor of the Bijou theater at Sparta, is now in Tomah.

Mr. and Mrs. J. G. Smith attended the La Crosse district convention of Congregational churches at Elroy last week.

The girls of Miss Drapp's freshman botany class went to the bluffs after flowers for study Monday.

The Bay View club met with Mrs. H. B. Johnson Monday.

The seniors have asked Rev. Jonathan G. Smith of the Congregational church to give the baccalaureate address.

Miss Ruth Ford, who teaches music in this city, has been taking a short vacation.

The pavement of Superior avenue is well under way.

A new cement walk is being put in in front of C. H. Wiklund's and F. W. Kirst's stores.

H. H. Smith has purchased a new cement mixer.

A baseball game has been scheduled between the Tomah and Reedsburg high schools for next Saturday.

SPARTA GRADUATION TO BE HELD JUNE 4

SPARTA, Wis., May 19.—Sparta high school will graduate thirty students on June 4th, seventeen of whom are young women and the remaining thirteen young men. Among these graduates Sparta high school will lose many stars of the athletic firmament of the school as well as those who have taken prominent parts in oratorical, declamatory and debating contests.

The class play, "My Uncle John," is to be given on June 3rd, and the commencement exercises will be given on the next night, June 4th. Rev. F. Walker Pugh will deliver the commencement sermon before the class in the Congregational church Sunday, May 30th.

Andrew Johnson is president of the class, Lottie Jackson, vice president. Moses Smith, secretary and treasurer. Andrew Johnson, salutatorian, and Nellie Sherman, valedictorian.

Former Sparta Man Injured

News has been received here of a serious accident in Petersburg, Va., in which Chas. M. Ambold, who was connected with the American Cigar company here last year, lost both legs. He was returning in an automobile from a party when a train struck the machine and he jumped, falling on the tracks beneath the engine. Both legs were badly crushed, it being necessary to remove one above the ankle and the other above the knee. Ambold is well known here, and was assistant manager of the American Cigar company's plant in Petersburg.

State to Conduct Crop Tests

The department of agronomy of the College of Agriculture of the university of Wisconsin will conduct tests and demonstrations in connection with the growing of farm crops at the state school farm in Sparta during this season. The work is being supervised by Prof. R. A. More and C. P. Morgord of the College of Agriculture.

MRS. TAFT IMPROVES

WASHINGTON, D. C., May 19.—Mrs. Taft is recovering rapidly from her nervous breakdown of last Monday.

THE DAILY MARKETS

FOREIGN MARKETS

New York Stocks

NEW YORK, May 19.—The stock market opened unsteady. Stocks in which H. H. Rogers was interested showed a weakness following the announcement of his death. Amalgamated Copper sustained the heaviest loss. That stock opened off one point and lost three-eighths of a point on moderate sales. Consolidated Gas fell 2 1/4 and a few other stocks shaded off fractionally, but before the end of the first quarter of an hour the absorption that is regarded as the chief feature in the market again became effective, causing general advances all around the room.

11 a. m.—The death of H. H. Rogers induced general commission house selling at the opening, but the supply was not important enough to have much influence on prices except Consolidated Gas and Amalgamated Copper. Interest closely associated with Rogers stated, however, that his holding of Consolidated Gas had been considerably reduced if not entirely liquidated recently. They also expressed the opinion that his interests in Amalgamated Copper since 1907 have been small. This view generally prevailed as trading progressed, and at the end of the first hour a strong tone prevailed, nearly everything on the list joining in gaining in strength.

Government bonds easier; others strong.

SCHWITTAY FREE; WILL FIGHT GRAFT

Marinette Jury Acquits Deposed Dist. Atty. Who will Now Be Reinstated by Gov. Davidson

MARINETTE, Wis., May 19.—The jury in the trial of A. E. Schwittay, the deposed district attorney, was out two hours and at 8 o'clock last night brought in a verdict of not guilty. The charge was perjury.

The court house and yard were jammed with people, who waited anxiously for the verdict. When it was made public the crowd went wild with enthusiasm, and seizing the acquitted official men carried him about on their shoulders, demanding a speech.

In a short address he told the people of Marinette that Gov. Davidson had promised to reinstate him as district attorney on June 7, if he was acquitted. Until then, he said, he would spend his time hunting for further evidence against grafters.

The jury took two ballots, the first being ten to two for acquittal. The second, acquittal.

Schwittay Says Fight to Finish After his release last night Attorney Schwittay said:

"The verdict of the jury tonight virtually takes the back bone out of the opposition.

"From this minute I am going right after the grafters with the old vim and vigor, and everybody must understand this fight it a battle to the finish."

Schwittay made charges of grafting and corruption in Marinette county. Charges were also preferred against him, and upon complaint to Gov. Davidson he was removed from office.

S. H. Cady of Green Bay was appointed to fill the temporary vacancy in the office and on his recommendation a grand jury was called.

MARKS FIRST FEAST DAY

HARTFORD, Wis., May 19.—The titular feast, "Mary, Help of Christians," will be celebrated at Holy Hill, May 24. This is the first of the series of feast days observed at the Holy Hill and special arrangements are being made by the Carmelite fathers, who have a monastery at the hill, and who have charge of the church, for especially interesting services.

A large number of pilgrims are expected to be present.

STOLEN DIAMONDS RETURNED

OSHKOSH, Wis., May 19.—Chief of Police Dowling has received a letter from an unknown woman who signed herself "An Outcast Girl," in which were enclosed two diamonds which the writer said were the property of George A. Bloss, a traveling salesman, whose grips were stolen from the depot here some time ago by Alfred Held.

The girl stated in her letter that when Held felt he was being watched by the police he gave the stones to her. Held was sentenced to one year at Waupun.

Mothers of croupy children should always keep a bottle of Chamberlain's Cough Remedy handy. It will save them many anxious nights. Children like it.

A thunderbolt never yet fell from a clear sky.

JAP LECTURER TO ARRIVE IN CANOE

K. S. Inui, the Japanese Chautauqua lecturer, who was in the city last November, has started a cosmopolitan canoe trip from the head of the Mississippi to the mouth of the stream. He is expected to pass La Crosse about June 17, according to letters he has written Acting Secretary O. J. Ash of the local Y. M. C. A. At La Crosse he will endeavor to secure a companion to go as far as Burlington with him. He is taking pictures and preparing material for a new lecture on the Mississippi.

BLOW UNEXPECTED, MAGNATE AT WORK

(Continued from Page 1.)

found his unconscious and breathing heavily. She summoned the servants and Dr. Fowler, the family physician, who had spent the night at Pelham Manor, but he promised that he would come as quickly as his automobile would carry him.

While the physician was on his way, the members of Rogers' family were called and every effort was made to relieve his evident distress. He never regained consciousness, however, and at 1:30, surrounded by his family, he passed away. Ten minutes later, the doctor reached the house and at once pronounced his patient dead.

Brace Stock Market

The news of Rogers' death was a long time in reaching the outside world. A short time before the stock market opened, however, some of the millionaire's closest associates heard the news and they at once made arrangements to protect the stock list from assault by the bears. Word was quietly sent to the offices of the Standard Oil company brokers and

STOCKS ARE DEPRESSED
NEW YORK, May 19.—The stock market opened weak as the result of the announcement of the death of H. H. Rogers, one of the leading stocks being off at least a point. Standard Oil opened unchanged on the curb.

when the market opened all of them were on the floor of the exchange. The result was as had been anticipated. For a few moments the list was under pressure, but then came the flood of buying orders from the Standard and allied brokers and the recessions were soon made up.

Working on Railroad

Rogers was at his office yesterday seemingly in usual health. Most of the day was occupied in dealing with affairs of the Virginian railway, the trunk line which he has just built from Tidewater to the mountains of Virginia and West Virginia.

He had been interested in many financial projects, but it is doubtful if there was one of them that occupied his attention during the 63 years of his life which was as dear to him as this new railroad. He per-

TELLS J. D. ROCKEFELLER
WASHINGTON, May 19.—The United Press was the first to inform John D. Rockefeller of the death of his former associate, Henry H. Rogers. Mr. Rockefeller is staying at the Homestead Hotel, Hot Springs, Va., and the telephone message was sent there.

The oil king was out on the golf links where he had been since early morning at his favorite pastime. His secretary, who received the message, dispatched a special messenger to find Mr. Rockefeller.

sonally guaranteed the bonds of the company with his own private fortune, depositing as part of the guarantee fund gilt edged securities of the Standard Oil company and several big railroad companies.

A month ago he had opened the road and after a week's rest at his Massachusetts home he came back to this city. When he left for home last night he was just completing details of the management of his project. It will not suffer by his death, it is understood, as he had made arrangements for close business associates to look after it.

It is generally understood that he had at the time of his death no speculative connections whatever.

His Wide Activity.

Rogers was interested in many corporations, being an officer in some twenty-five of them.

Offices He Held.

Rogers was vice president and director of the Standard Oil company, president and director of the Amalgamated Copper company, National Transit company, National Fuel Gas company, New York Transit company, Richmond Light and Railway company, vice president and trustee of the Anaconda Copper Mining company, vice president and director of the Brooklyn Union Gas company, United Metal Selling company, trustee of the Mutual Life Insurance company of New York, director of the United States Steel corporation, Atchison, Topeka and Santa Fe railroad, Chicago, Milwaukee and St. Paul, Union Pacific, New Jersey and Staten Island Ferry company, Atlas Tack company, Farmers Loan and Trust company, Guaranty Trust company, National Bank of Fair Haven, Tennessee Coal company, S. I. Midland Railway company, Atlantic Electric Railway company.

He was a member of the American Fine Arts society, New England society, Metropolitan Museum of Art, American Museum of Natural History, Union League Engineers, New York Yacht club and the Lotus club.

From Newboy to Magnate.
Rogers, as a boy, attended the Fair Haven high school and was expelled in its first class. Compelled to tramp his legs under the small seats used there he made a vow that when he got rich enough he would see that this was remedied. And the first thing he did after he got money was to give Fair Haven \$75,000 for a school house.

Leaving school, he sold newspapers for a while and then went to New Bedford where he became a clerk in a store at \$3 a week. He held this place for five years and then became a baggage master on the railroad at \$1.16 a day. In the early sixties, he started for the Pennsylvania oil field to make his fortune, previously having married Miss Abbie T. Gilford of Fair Haven. They went to McClintocks on

Making a Quinine Hair Tonic

(By Mabel Graham.)

There is no preparation as good for the hair and scalp as a quinine hair tonic when properly made, but most people object to the very high price that this preparation costs.

I find that I can overcome this objection by making my own quinine hair tonic. I simply get from my drug store, one ounce of beta-quinol (liquid) in original package and half a pint of alcohol. I then mix the alcohol with half a pint of water (warm water preferred) and add the beta-quinol, or you can use one pint of Bay Rum in place of the alcohol and water, after standing for a few hours it is ready for use. I find this even better than the high priced articles and a full pint only costs me 65 to 75 cents.

This excellent hair tonic used daily, where there is dandruff or falling hair, will cure the dandruff and stop the falling hair, after a week or two you will find once or twice a week sufficient to keep the scalp in a perfectly healthy condition. This strengthens the roots of the hair, giving the hair life and brilliancy. If you follow my advice you will soon have long, beautiful hair and plenty of it.

Oil Creek, but after a short time Rogers came to Brooklyn to join the forces of the Charles Pratt company. Soon afterward he was taken into partnership and this continued until in 1878 when the union of chief refineries in New York, Pennsylvania, Cleveland and Pittsburgh, as the Standard Oil company, was effected. Rogers became the chairman of the manufacturing company of the combination and also one of the trustees. From that day to the time of his death he was one of the controlling factors of the combine. He was admitted to have more actual experience in the petroleum industry than any other of the men who have become wealthy in the Standard Oil group.

Rogers' first wife died in 1895 and a year later he married Emeline Augusta Randel, daughter of the head of a big diamond firm. Her first husband, whom she divorced, was Lucius R. Hart.

Built Model Town.

Rogers spent upwards of \$3,000,000 making Fair Haven, where he spent his youth, a model town. He built a magnificent Masonic temple there and also supported a big orphan asylum. In 1897 he tried to sell, at the request of the Danish government, Danish West Indies to the United States, with the result that he was charged with having control of the United States senate but the outbreak of the Spanish-American war caused this to be quickly forgotten.

He is survived by his wife and four children, Henry H. Rogers, Jr., Mrs. W. E. Benjamin, Mrs. Urban H. Broughton and Mrs. Mai Rogers-Mott-Coe.

One Child Elop.

His youngest daughter eloped with Jos C. Mott in 1893 when she was 17 but the parents sued for a divorce on the ground that the couple had never lived together as man and wife and were minors. After the divorce was granted in June, 1900, she married Wm. R. Coe.

Rogers belonged to the Union League club, Metropolitan, Lotus Engineers, New York Yacht club and Zwanhaka-Corinthian Yacht club, the American Fine Arts and New England Societies, the American Museum of Natural History, the Municipal Art Society and others.

Financiers Call.

Many prominent financiers called at the home during the day to express their sympathy. The meeting of the Anaconda company was ordered postponed of respect to his memory.

John D. Ryan, president of the Anaconda Mining company, made the following statement at noon regarding Rogers' death.

"Mr. Rogers and I went up to Fair Haven over Sunday and he was in excellent health. We returned here Monday and yesterday we were in our office. Mr. Rogers left me at 4 o'clock yesterday afternoon to go home and I complimented him on looking better than he had for years. He told me that he was feeling bright. He went straight home and retired at his usual hour.

"Early this morning he awoke his wife and complained of a numbness in his arms and violent pains in his head. His wife, alarmed, summoned aid and a doctor was sent for. But he became unconscious and died before the physician arrived."

"Two years ago he had an attack of apoplexy and this was one of a similar nature, but much more severe."

No arrangements have been made as yet for the funeral but it is understood that the burial will be at Fair Haven.

Fortune of \$50,000,000.

It is estimated Rogers left a fortune of at least \$50,000,000.

Won't Affect Oil Company

Standard Oil interests interviewed in regard to the probable effect of the death of Henry H. Rogers today on that company said that ever since Rogers had a stroke of paralysis two years ago he had been retiring his engagements and his associates regarded his health as extremely precarious. His taking away will have no effect whatever on affairs of the Standard Oil company. His death will involve no sale of securities. His investments are of the most solid character such as every investor would prefer to hold.

Regarding the Virginian railway notes for which Rogers gave his personal guarantee, it is said that collateral furnished by him, independent of his notes, consisted of Standard Oil, Consolidated Gas, St. Paul, Great Northern and other gilt edged securities.

MINNESOTA AND THE NORTHWEST

ARBOGAST GIRL MAY BE INSANE

County Attorney at St. Paul Says She'll not Be Tried But Lunacy Commission Will Be Asked For

ST. PAUL, Minn., May 19.—Louise Arbogast will be taken from the county jail at 10 o'clock tomorrow morning and arraigned in police court charged with the murder of her father, Louis Arbogast, by beating in his head with an ax.

She will be represented by counsel probably, although an attorney has not yet been employed, and a formal plea of not guilty will be entered. After she pleads, a time will be set for hearing, or she may waive examination and allow the case to go directly to the grand jury, which body ought to act within a week or ten days.

If indicted she will be brought at once before the district court, and there will elect, through her attorney, whether she will stand trial on the charge or ask for the appointment of a board of examining physicians, to investigate her mental condition.

If she is found to be insane, she will be removed to a hospital; otherwise she will be compelled to face trial on the charge of murder.

Said County Attorney O'Brien yesterday:

Prosecutor Asks Inquiry.

"I believe, from all the facts before me, that Miss Arbogast was insane at the time of the murder and is now insane. If she does not have counsel, I shall ask the court to proceed with an examination as to her mental condition. Even if she had counsel and such a motion were not put by the side of the defense, I should myself make the motion. A woman in her condition should not be tried for murder."

MURDER AND SUICIDE BEFORE EYES OF LAW

MITCHELL, S. D., May 19.—Tragedy somber and spectacular was enacted here today when with the officers of the law just about to cross the threshold of his home to arrest him on charges involving his relations with his sister, W. C. Gray, seized his sister Edith Gray, suspended her from a rafter in the attic and fired a shot from his gun into her brain, killing her instantly, and then turning the weapon upon himself ended his own life.

Gray, who was 45 years old, lived with his sister, Edith, aged 40, in a small house on the south side of town. With them were three children of the man.

PASTOR CLAIMS MONEY IS TAINTED

WINONA, Minn., May 19.—Rev. W. E. Thompson, pastor of the Wesley Methodist church, the smallest church of this denomination in Winona, is out with a public announcement that he is convinced that the raising of money by suppers and ice cream socials to pay pastors' salaries is wrong in principle and contrary to the teaching of God's word and that hereafter he will not accept money so raised in payment of his salary.

ITCH RELIEVED AT ONCE

That terrible itch disappears with the FIRST DROPS of D. D. D. Prescription. It kills all skin disease germs instantly. A soothing, healing lotion, used externally only. Hoescher Bros.

SOLDIERS' RIGHTS EQUAL

MADISON, Wis., May 19.—(Special.)—In an opinion to the senate committee on military affairs last evening over an amendment offered to bill 68 S, giving the veterans of the late civil war an advantage in appointment over veterans of the war with Spain, Attorney General Gilbert held that "it appears to me that the classification so made has no reasonable foundation on which to stand and it must be held unconstitutional."

ALBRIGHT CHARGED WITH IMPERSONATION

In a warrant issued yesterday S. Albright is charged with impersonating a U. S. internal revenue officer and extorting \$50 from John Holtz of Midway on May 8. The alleged officer appeared and claimed to settle a case against Holtz for \$50. It afterwards developed he was an imposter.

WARRANT IS ISSUED FOR ROBT. SIEBERT

A warrant was issued yesterday for the arrest of Robert W. Siebert, proprietor of the Standard Electric company, charging him with going away with \$300 which belonged to the company. Siebert has been gone from the city for a considerable length of time and his business associates claim he has "skipped" with the cash on hand.

There is quite a difference between extending the glad hand and lending a helping hand.
